DJ: If you are a fairly new, year 2, of 1st grant, do we still attend OVW training?
LR: Yes!
AH: Hello Dianna yes you do its mandatory to attend, if you are unable to attend you must contact your OVW program manager
LR: All campuses are required to attend all programs
CW: Please send me the information for this as i do not have it...thanks livia
DJ: Sorry, I meant do we attend the OVW orientation? I attended the one this past January in Washington
LR: Orientation is for folks with new project directors
LR: So, if there was a change in project management in the past year, you are eligible to attend the orientation
LR: Diana - you attended the orientation in DC this past January, right? Your campus should be ok
LR: Grantees that are not sure where they are going in January for the next Institute, please email me livia@calcasa.org
LR: Thank you!
LR: Materials are available on calcasa.org
LR: The audio recording and text chat transcript will be available tomorrow

VR: We were wondering if this is the same presentation we saw at the campus institute for judicial training.

LR: Thanks Steven

VR: Thank you....it's very good.

LR: Great question, Vanessa.

LR: Sorry, which campus are you with, Vanessa?

VR: Arizona Western College

LR: Great! Thanks, Vanessa

CM: Audio keeps going in and out

LR: Carrie, are you using just the internet for audio?

LR: We recommend folks call in using a phone land line to ensure better quality of audio

DH: I thought the DCL said that mediation cannot be used, even if the victim requests it.

DH: It says that it can be used for sexual harassment, but for sexual assault, it says, "Moreover, in cases involving allegations of sexual assault, mediation is not appropriate even on a voluntary basis."

WH: 16% reporting rate specifically for SA?

DH: Thank you!

JJ: Could you send it to all of us please?

LR: what reasoning do you use with administrators who consistently refuse to take the accused out of the classroom? Is it true that a student's status (accused) won't change if he/she is taken out of the class prior?

LL: What if incident was violent but you do not have the alleged perp's name as she did not identify him?

LR: If folks have specific questions about current or recent cases, we strongly encourage you to email/call Lindy so she can devote more time and provide additional info, if need be.

DJ: Hypothetical: a case where the victim's father reported, but victim did not want an investigation, but one was initiated because of parental report. The investigation found it was a "false" report and victim was made to submit apology letter to school.

LR: ta@victimrights.org [617.399.6720](tel:617.399.6720)

DJ: yes

RC: Who are the people who are required to launch the investigation? are advocates protected? How about resident assistants?

RC: Thanks!

LR: We ask that if you have specific questions about current or recent cases, contact Lindy so she can devote more time and provide additional info.

LR: [617.399.6720](tel:617.399.6720) ta@victimrights.org

SR: What is knock and talk?

LL: which college in MA?

LL: That makes sense.

TR: When the fact finder was referenced as talking to the police- who is in the role of fact finder at the university?

Livia Rojas: The University of the Pacific case that Lindy just referenced <http://calcasa.org/calcasa/advocates-duty-partner-universities/>
