ALA. CODE § 30-6-8 (2011) DISCLOSURE OF INFORMATION [DOMESTIC VIOLENCE FACILITIES]

Information received by the office, the circuit, any district attorney or his or her employees, or by authorized persons employed by or volunteering services to a facility, through files, reports, inspection, or otherwise, shall be deemed confidential information, except as otherwise herein provided, and shall not be disclosed publicly in such a manner as to identify individuals or facilities. Oral communications between a domestic violence victim and an advocate and written reports and records concerning the victim may not be disclosed without the written consent of the victim. This privilege does not relieve a person from any duty imposed pursuant to Section 26-14-1 or Section 38-9-2. A victim or advocate may not claim this privilege when providing evidence in proceedings concerning child abuse, but may claim this privilege in all other proceedings, both criminal and civil. This privilege expires upon the death of the victim. Each facility, with the approval of the office, shall establish its own rules, regulations, and policies for the performance of the responsibilities charged to it in this chapter. The office shall ensure that the information obtained under authority of this chapter shall be restricted to the items germane to the implementation thereof and shall ensure that the provisions are administered so as not to accumulate any information or distribute any information that is not required by this chapter. The office and each participating district attorney shall ensure that adequate safeguards are incorporated so that data available is used only by properly authorized persons, facilities, and agencies.

ALA. CODE §§ 15-23-41 to 45 (2011) CRIME COUNSELOR CONFIDENTIALITY

§ 15-23-41 DEFINITIONS

As used in this article, unless a contrary meaning is clearly intended from the context in which the term appears, the following terms have the respective meanings hereinafter set forth and indicated:

(1) CONFIDENTIAL COMMUNICATION. Any information exchanged between a victim and a victim counselor in private or in the presence of a third party who is necessary to facilitate communication or further the counseling process and which is disclosed in the course of the counselor's treatment of the victim for any emotional or psychological condition resulting from a sexual assault or family violence.

(2) VICTIM. A person who consults a victim counselor for assistance in overcoming adverse emotional or psychological effects of a sexual assault or family violence.

(3) SEXUAL ASSAULT. Any sexual offense enumerated in Sections 13A-6-60 through 13A-6-70.

(4) FAMILY VIOLENCE. The occurrence of one or more of the following acts between family or household members:

   a. Attempting to cause or causing physical harm.

   b. Placing another in fear of imminent serious physical harm.
(5) FAMILY OR HOUSEHOLD MEMBERS Children, spouses, former spouses, persons of the opposite sex living as spouses now or in the past, or persons 60 years of age or older living in the same household and related by blood or marriage.

(6) VICTIM COUNSELING. Assessment, diagnosis, and treatment to alleviate the adverse emotional or psychological impact of a sexual assault or family violence on the victim. Victim counseling includes, but is not limited to, crisis intervention.

(7) VICTIM COUNSELING CENTER. A private organization or unit of a government agency which has as one of its primary purposes the treatment of victims for any emotional or psychological condition resulting from a sexual assault or family violence.

(8) VICTIM COUNSELOR. Any employee or supervised volunteer of a victim counseling center or other agency, business, or organization that provides counseling to victims who is not affiliated with a law enforcement agency or a prosecutor’s office and whose duties include treating victims for any emotional or psychological condition resulting from a sexual assault or family violence.

(a) A victim, a victim counselor without the consent of the victim, or a minor or incapacitated victim without the consent of a custodial guardian or a guardian ad litem appointed upon application of either party, cannot be compelled to give testimony or to produce records concerning confidential communications for any purpose in any criminal proceeding.

(b) A victim counselor or a victim cannot be compelled to provide testimony in any civil or criminal proceeding that would identify the name, address, location, or telephone number of a safe house, abuse shelter, or other facility that provided temporary emergency shelter to the victim of the offense or transaction that is the subject of the proceeding unless the facility is a party to the proceeding.

(c) The confidential communication privilege of a victim counselor with respect to communications made between the counselor and the victim shall terminate upon the death of the victim.

**Ala. Code § 15-23-43 (2011) Waiver of Protection; Exception for Suit Against Counselor by Victim.**

(a) A victim does not waive the protections afforded by this article by testifying in court about the crime.

(1) However, if the victim partially discloses the contents of a confidential communication in the course of testifying, then either party may request the court to rule that justice requires the protections of this section be waived, to the extent they apply to that portion of the communication.

(2) Any waiver shall apply only to the extent necessary to require any witness to respond to counsel’s questions concerning the confidential communication that are relevant to the facts and circumstances of the case.

(b) A victim counselor cannot waive the protections afforded to a victim under this section. However, if a victim brings suit against a victim counselor or the agency, business, or organization in which the victim counselor was employed or served as a volunteer at the time of the counseling relationship and the suit alleges malpractice during the counseling relationship, the victim counselor may testify or produce records regarding confidential
communications with the victim and is not liable for doing so.

**ALA. CODE § 15-23-44 (20119) OTHER TESTIMONIAL PRIVILEGE NOT LIMITED BY PROVISIONS.**

Nothing in this article shall be construed to limit any other testimonial privilege available to any person under other statutes or rules.

**ALA. CODE § 15-23-45 (2011) VICTIM COUNSELORS NOT RELIEVED OF DUTY TO REPORT CERTAIN CRIMES.**

This article shall not be construed to relieve victim counselors of any duty to report suspected child abuse or neglect or any evidence that the victim is about to commit a crime.

**ALA. R. EVID. § 5:10. CLIENT-COUNSELOR PRIVILEGE.**

**(a) Definitions.** As used in this rule:

1. The term “client” means a person who, for the purpose of securing professional counseling services, consults with a licensed professional counselor or a certified counselor associate. It also means a person who, for the purpose of securing counseling services as the result of either sexual assault or family violence, consults with a victim counselor.

2. A “licensed professional counselor” is any person who holds himself or herself out to the public by any title or description of services incorporating the words “licensed professional counselor” or “licensed counselor”; who offers to render professional counseling services to individuals, groups, organizations, corporations, institutions, government agencies, or the general public, implying that the person is licensed and trained, experienced or expert in counseling; and who holds a current, valid license to engage in the private practice of counseling.

3. A communication is “confidential” if it is not intended to be disclosed to third persons other than those to whom disclosure is made in furtherance of the rendition of professional counseling services to the client or those to whom disclosure is reasonably necessary for the transmission of the communication.

4. “Counselor associate” is any person who has been certified by the Alabama Board of Examiners in Counseling to offer counseling services under the supervision of a licensed professional counselor.

5. “Counseling services” consist of all acts and behaviors that constitute the “practice of counseling” as that term is defined in this rule.

6. The “practice of counseling” involves the rendering or offering to render counseling services such as, among others, the following methods and procedures employed by the counseling profession:

   A. Counseling. Assisting a person, through the counseling relationship, to develop understanding of personal problems, to define goals, and to plan action reflecting the person’s interests, abilities, aptitudes, and needs as these are related to personal-social concerns, education progress, and occupations and careers.

   B. Appraisal activities. Selecting, administering, scoring and interpreting instruments designed to assess an individual’s aptitudes, attitudes, abilities, achievements, interests, and personal characteristics, but not including the use of projective techniques in the assessment of personality.

   C. Counseling, guidance, and personnel consulting. Interpreting or reporting upon scientific fact or theory in counseling, guidance, and personnel services to provide assistance in solving some current or potential problems.
of individuals, groups, or organizations.

(D) Referral activities. The evaluating of data to identify problems and to determine advisability of referral to other specialists.

(E) Research activities. The designing, conducting, and interpreting of research with human subjects.

(F) Victim counseling. The providing of counseling to victims for any emotional or psychological impact resulting from a sexual assault or family violence.

(7) “Victim counselor” means any employee or supervised volunteer of a victim counseling center or other agency, business, or organization that provides counseling to victims, who is not affiliated with a law enforcement agency or prosecutor’s office and whose duties include treating victims for any emotional or psychological condition resulting from a sexual assault or family violence.

(9) “Family violence” means the occurrence of one or more of the following acts between family or household members:

(A) Attempting to cause or causing physical harm.

(B) Placing another in fear of imminent serious physical harm.

(10) The designation “family or household members” encompasses children, spouses, former spouses, persons of the opposite sex living as spouses now or in the past, or persons 60 years of age or older living in the same household and related by blood or marriage.

(11) “Victim counseling center” means a private organization or unit of a government agency which has as one of its primary purposes the treatment of victims for any emotional or psychological condition resulting from a sexual assault or family violence.

(b) General rule of privilege. A client has a privilege to refuse to disclose, and to prevent any other person from disclosing, a confidential communication made for the purpose of facilitating the rendition of counseling services to the client.

(c) Who may claim the privilege. The privilege may be claimed by the client, the client’s guardian or conservator, or the personal representative of a deceased client. The person who was the licensed counselor, counselor associate, or victim counselor at the time of the communication is presumed to have authority to claim the privilege, but only on behalf of the client.

(d) Exceptions.

(1) Proceedings for hospitalization. In proceedings to hospitalize the client for mental illness, there is no privilege under this rule for communications relevant to an issue in those proceedings if the counselor or counselor associate has determined, in the course of counseling, that the client is in need of hospitalization.

(2) Examination by order of court. If the court orders an examination of the mental or emotional condition of a client, whether a party or a witness, communications made in the course thereof are not privileged under this rule with respect to the particular purpose for which the examination is ordered, unless the court orders otherwise.

(3) When the client’s condition is an element of a claim or a defense. There is no privilege under this rule as to a
communication relevant to an issue regarding the mental or emotional condition of the client, in any proceeding in which the client relies upon the condition as an element of the client's claim or defense, or, after the client's death, in any proceeding in which any party relies upon the condition as an element of the party's claim or defense.

(4) **Breach of duty arising out of the counselor-client relationship.** There is no privilege under this rule as to an issue of breach of duty by the counselor, counselor associate, or victim counselor to the client or by the client to the counselor, counselor associate, or victim counselor.

(5) **Victim counseling in civil cases.** There is no privilege under this rule in civil cases as to a communication made to facilitate victim counseling when the person conducting the counseling is neither a licensed professional counselor nor a counselor associate, except that under no circumstances may a victim counselor or a victim be compelled to provide testimony in any proceeding that would identify the name, address, location, or telephone number of a "safe house," abuse shelter, or other facility that provided temporary emergency shelter to the victim of the offense or transaction that is the subject of the proceeding, unless the facility is a party to the proceeding.

ALASKA

**ALASKA STAT. § 18.66.200 (2011). COMPULSORY DISCLOSURE OF COMMUNICATIONS PROHIBITED. [DOMESTIC VIOLENCE AND SEXUAL ASSAULT]**

(d) Notwithstanding (a) of this section,

(1) a minor may waive the privilege provided under (a) of this section and testify or give consent for a victim counselor to testify if the court determines that the minor is capable of knowingly waiving the privilege;

(2) a parent or legal guardian may not, on behalf of a minor, waive the privilege provided under (a) of this section with respect to the minor's testimony or the testimony of a victim counselor if
(A) the parent or legal guardian has been charged with a crime against the minor;

(B) a protective order or restraining order has been entered against the parent or legal guardian on request of or on behalf of the minor; or

(C) the parent or legal guardian otherwise has an interest adverse to that of the minor with respect to the waiver of privilege.

**ALASKA STAT. § 18.66.210 (2011). EXCEPTIONS. [DOMESTIC VIOLENCE AND SEXUAL ASSAULT]**

(8) a criminal proceeding concerning criminal charges against a victim of domestic violence or sexual assault where the victim is charged with a crime

(A) under AS 11.41 against a minor; or

(B) in which the physical, mental, or emotional condition of the victim is raised in defense of the victim.

**ALASKA STAT. § 18.66.250. DEFINITIONS (2011). [DOMESTIC VIOLENCE AND SEXUAL ASSAULT]**

In AS 18.66.200-18.66.250,

(2) “sexual assault” means an offense under AS 11.41.410-11.41.470 or an offense in another jurisdiction whose elements are similar to the elements of an offense under AS 11.41.410-11.41.470;

(3) “victim” means a person who consults a victim counselor for assistance in overcoming adverse effects of a sexual assault or domestic violence;
(4) “victim counseling” means support, assistance, advice, or treatment to alleviate the adverse effects of a sexual assault or domestic violence on the victim;

(5) “victim counseling center” means a private organization or a local government agency that

(A) has as one of its primary purposes the provision of direct services to victims for trauma resulting from a sexual assault or domestic violence;

(B) is not affiliated with a law enforcement agency or a prosecutor’s office; and

(C) is not on contract with the state to provide services under AS 47;

(6) “victim counselor” means an employee or supervised volunteer of a victim counseling center that provides counseling to victims

(A) who has undergone a minimum of 40 hours of training in domestic violence or sexual assault, crisis intervention, victim support, treatment and related areas; or

(B) whose duties include victim counseling.

Confidential communications between a victim of domestic violence or sexual assault and a victim counselor are privileged under AS 18.66.200 - 18.66.250.

**Alaska Stat. § 09.25.400 (2011). Privilege relating to domestic violence and sexual assault counseling.**

Confidential communications between a victim of domestic violence or sexual assault and a victim counselor are privileged under AS 18.66.200-18.66.250.

**Arizona**

A. In a civil action, a domestic violence victim advocate shall not be examined as to any communication made by the domestic violence victim to the domestic violence victim advocate.

B. This section does not apply to a civil action brought pursuant to title 36, chapter 37, relating to the civil commitment of sexually violent persons.

C. Unless the domestic violence shelter or service provider has immunity under other provisions of law, the communication is not privileged if the victim advocate knows or should have known that the victim will give or has given perjurious statements or statements that would tend to disprove the existence of domestic violence.
D. The domestic violence victim advocate-victim privilege does not extend to cases in which the domestic violence victim advocate has a duty to report nonaccidental injuries and physical neglect of minors as required by §13-3620.

E. A party to an action may make a motion for disclosure of privileged information under this section and, if the court finds reasonable cause, the court shall hold a hearing in camera as to whether the privilege should apply.

F. To qualify for the privilege prescribed in this section, a domestic violence victim advocate must have at least thirty hours of training in assisting victims of domestic violence. A portion of this training must include an explanation of privileged communication and the reporting requirements prescribed in §13-3620.

G. A domestic violence victim advocate who is a volunteer shall perform all activities under qualified supervision.

H. The training prescribed in subsection F may be provided by the shelter or service provider or by an outside agency that issues a certificate of completion. The records custodian of the shelter or service provider must maintain the training documents.

I. For the purposes of this section, “domestic violence victim advocate” means a person who is an employee or volunteer at a domestic violence shelter or service provider for victims of domestic violence and who meets the training requirements of this section.

A. A crime victim advocate shall not disclose as a witness or otherwise any communication except compensation or restitution information between himself and the victim unless the victim consents in writing to the disclosure.

B. Unless the victim consents in writing to the disclosure, a crime victim advocate shall not disclose records, notes, documents, correspondence, reports or memoranda, except compensation or restitution information, that contain opinions, theories or other information made while advising, counseling or assisting the victim or that are based on the communication between the victim and the advocate.

C. The communication is not privileged if the crime victim advocate knows that the victim will give or has given perjured testimony or if the communication contains exculpatory evidence.

D. A defendant may make a motion for disclosure of privileged information. If the court finds there is reasonable cause to believe the material is exculpatory, the court shall hold a hearing in camera. Material that the court finds is exculpatory shall be disclosed to the defendant.

E. If, with the consent of the victim, the crime victim advocate discloses to the prosecutor or a law enforcement agency any communication between the victim and the crime victim advocate or any records, notes, documents, correspondence, reports or memoranda, the prosecutor or law enforcement agent shall disclose such material to the defendant’s attorney only if such information is otherwise discoverable.

F. (b) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purpose of counseling the client, between himself, his counselor, and persons present at the direction of the counselor, including members of the client’s family.

(c) Who may claim the privilege. The privilege may be claimed by the client, his guardian or conservator, or the personal representative of a deceased client. The person who was the counselor (or that person’s employer) may claim the privilege in the absence of the client, but only on behalf of the client.

(d) Exceptions. There is no privilege under this rule for any relevant communication:

(1) If the client is asserting his physical, mental, or emotional condition as an element of a claim or defense; or, after the client’s death, in any proceeding in which any party relies upon the condition as an element of a claim or
defense.

(2) If the judge finds:

(A) That the substance of the communication is relevant to an essential issue in the case;

(B) That there are no available alternate means to obtain the substantial equivalent of the communication; and

(C) That the need for the information outweighs the interest protected by the privilege. The court may receive evidence in camera to make findings under this rule.

**MICHIGAN**

**MICH. COMP. LAWS ANN. § 600.2157a (West 2011). CONSULTATION BETWEEN VICTIM AND SEXUAL ASSAULT OR DOMESTIC VIOLENCE COUNSELOR; ADMISSIBILITY.**

(b) “Domestic violence” means that term as defined in section 1501 of Act No. 389 of the Public Acts of 1978, being section 400.1501 of the Michigan Compiled Laws.

(c) “Sexual assault” means assault with intent to commit criminal sexual conduct.

**MINNESOTA**

**MINN. STAT. ANN. § 595.02 (West 2011). TESTIMONY OF WITNESSES.**

**Subdivision 1. Competency of witnesses.** Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person.
seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy’s or other minister’s professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual’s request shall not, without the consent of the professional’s client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers from compliance with the provisions of sections 626.556 and 626.557.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a “person disabled in communication” means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

1. when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

2. when the communications reveal the contemplation or ongoing commission of a crime; or

3. when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent’s minor child may not be examined as to any communication made in confidence by the minor to the minor’s parent. A communication is confidential if made out of the presence of persons not members of the child’s immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent’s spouse, or a child of either the parent or the parent’s spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent.
or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or information received from or about the victim without the consent of the victim unless ordered by the court. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs. Nothing in this paragraph exempts domestic abuse advocates from compliance with the provisions of sections 626.556 and 626.557.

For the purposes of this section, “domestic abuse advocate” means an employee or supervised volunteer from a community-based battered women’s shelter and domestic abuse program eligible to receive grants under section 611A.32; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor’s office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for communication-impaired persons shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Subd. 1a. Alternative dispute resolution privilege. No person presiding at any alternative dispute resolution proceeding established pursuant to law, court rule, or by an agreement to mediate, shall be competent to testify, in any subsequent civil proceeding or administrative hearing, as to any statement, conduct, decision, or ruling, occurring at or in conjunction with the prior proceeding, except as to any statement or conduct that could:

(1) constitute a crime;

(2) give rise to disqualification proceedings under the Rules of Professional Conduct for attorneys; or

(3) constitute professional misconduct.

Subd. 2. Exceptions. (a) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to any testimony, records, or other evidence relating to the abuse or neglect of a minor in any proceeding under chapter
260 or any proceeding under section 245A.08, to revoke a day care or foster care license, arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2.

(b) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to criminal proceedings arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2, if the court finds that:

(1) there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; and

(2) there is no other practicable way of obtaining the information or evidence. This clause shall not be construed to prohibit disclosure of the patient record when it supports the otherwise uncorroborated statements of any material fact by a minor alleged to have been abused or neglected by the patient; and

(3) the actual or potential injury to the patient-health professional relationship in the treatment program affected, and the actual or potential harm to the ability of the program to attract and retain patients, is outweighed by the public interest in authorizing the disclosure sought.

No records may be disclosed under this paragraph other than the records of the specific patient suspected of the neglect or abuse of a minor. Disclosure and dissemination of any information from a patient record shall be limited under the terms of the order to assure that no information will be disclosed unnecessarily and that dissemination will be no wider than necessary for purposes of the investigation or prosecution.

Subd. 3. Certain out-of-court statements admissible. An out-of-court statement made by a child under the age of ten years or a person who is mentally impaired as defined in section 609.341, subdivision 6, alleging, explaining, denying, or describing any act of sexual contact or penetration performed with or on the child or any act of physical abuse of the child or the person who is mentally impaired by another, not otherwise admissible by statute or rule of evidence, is admissible as substantive evidence if:

(a) the court or person authorized to receive evidence finds, in a hearing conducted outside of the presence of the jury, that the time, content, and circumstances of the statement and the reliability of the person to whom the statement is made provide sufficient indicia of reliability; and

(b) the child or person mentally impaired as defined in section 609.341, subdivision 6, either:

(i) testifies at the proceedings; or

(ii) is unavailable as a witness and there is corroborative evidence of the act; and

(c) the proponent of the statement notifies the adverse party of the proponent’s intention to offer the statement and the particulars of the statement sufficiently in advance of the proceeding at which the proponent intends to offer the statement into evidence to provide the adverse party with a fair opportunity to prepare to meet the statement.

For purposes of this subdivision, an out-of-court statement includes video, audio, or other recorded statements. An unavailable witness includes an incompetent witness.

Subd. 4. Court order. (a) In a proceeding in which a child less than 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person,
the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness’s uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child’s testimony.

(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

1. the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

2. the defendant can see and hear the testimony of the child by video or television monitor from a separate room and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, “crime of violence” has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

**Subd. 5. Waiver of privilege for health care providers.** A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person’s own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff’s attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.

A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.

For purposes of this subdivision, “health care provider” means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.

**MONTANA**

(2) This privilege belongs to the victim and may not be waived, except by express consent. The privilege continues
even if the victim is unreachable. Consent may not be implied because the victim is a party to a divorce or custody
proceeding. The privilege terminates upon the death of the victim.

(3) For purposes of this section, the following definitions apply:

I. “Confidential communication” means information transmitted between a victim, as defined in paragraph VI, of an alleged sexual assault, alleged domestic abuse, alleged sexual harassment, or alleged stalking, and a sexual assault or domestic violence counselor in the course of that relationship and in confidence by means which, so far as the victim is aware, does not disclose the information to a third person. The presence of an interpreter for the hearing impaired, a foreign language interpreter, or any other interpreter necessary for that communication to take place shall not affect the confidentiality of the communication nor shall it be deemed a waiver of the privilege. The term includes all information received by the sexual assault or domestic violence counselor in the course of that relationship.

II. “Domestic violence center” means any organization or agency which would qualify as a direct service grantee under RSA 173-B:21.

III. “Domestic violence counselor” means any person who is employed or appointed or who volunteers in a domestic violence center who renders support, counseling, or assistance to victims of domestic abuse or attempted domestic abuse, who has satisfactorily completed 30 hours of training in a bona fide program which has been developed by a center as defined in RSA 173-C:1, II.

IV. “Rape crisis center” means any public or private agency, office, or center that primarily offers assistance to victims of sexual assault and their families and provides all the following services:

(a) Crisis intervention to victims of sexual assault 24 hours per day.

(b) Support services to victims of sexual assault by trained volunteers during the hospital examination, police investigation, and court proceedings.

(c) Referral of victims of sexual assault to public and private agencies offering needed services.

(e) The development of training programs and the standardization of procedures for law enforcement, hospital, legal and social service personnel to enable them to respond appropriately to the needs of victims.

(f) The coordination of services which are being provided by existing agencies.

(g) Education of the public about the nature and scope of sexual assault and the services which are available.

(h) Development of services to meet the needs of special populations, for example, children, the elderly, and minorities.

(i) Court advocacy through the criminal justice system.
V. “Sexual assault counselor” means any person who is employed or appointed or who volunteers in a rape crisis center who renders support, counseling, or assistance to victims of sexual assault or attempted sexual assault, who has satisfactorily completed 30 hours of training in a bona fide program which has been developed by a rape crisis center as defined in RSA 173-C:1, IV.

VI. “Victim” means any person alleging sexual assault under RSA 632-A, domestic abuse as defined in RSA 173-B:1, stalking under RSA 633:3-a, or sexual harassment as defined under state or federal law, who consults a sexual assault counselor or a domestic violence counselor for the purpose of securing support, counseling or assistance concerning a mental, physical, emotional, legal, housing, medical, or financial problem caused by an alleged act of sexual assault or domestic abuse, stalking, or sexual harassment, or an alleged attempted sexual assault or domestic abuse.

173-C:2 Privilege.

I. A victim has the privilege to refuse to disclose and to prevent any other person from disclosing a confidential communication made by the victim to a sexual assault counselor or a domestic violence counselor, including any record made in the course of support, counseling, or assistance of the victim. Any confidential communication or record may be disclosed only with the prior written consent of the victim. This privilege terminates upon the death of the victim.

I-a. The privilege and confidentiality under paragraph I shall extend to:

(a) A third person present to assist communication with the victim.

(b) A third person present to assist a victim who is physically challenged.

(c) Co-participants in support group counseling of the victim.

II. Persons prevented from disclosing a confidential communication or record pursuant to paragraph I shall be exempt from the provisions of RSA 631:6.

173-C:3 Assertion or Waiver of Privilege.

The privilege may be claimed or waived in all civil, administrative, and criminal legal proceedings, including discovery proceedings, by the following persons:

I. The victim or an attorney on the victim’s behalf.

II. The guardian of the victim, if the victim has been found incompetent by a court of competent jurisdiction.

III. A minor victim who is emancipated, married, or over the age of 15, unless, in the opinion of the court, the minor is incapable of knowingly waiving the privilege. A guardian ad litem shall be appointed in all cases in which there is a potential conflict of interest between a victim under the age of 18 and his parent or guardian.

173-C:4 Partial Waiver.

Waiver as to a specific portion of communication between the victim and the counselor shall not constitute a waiver of the privilege as to other portions of the confidential communication between victim and counselor, relating to the alleged crime.

173-C:5 Limitation on the Privilege; Criminal Proceedings.
In criminal proceedings when a defendant seeks information privileged under this chapter in discovery or at trial, the procedure below shall be followed:

I. A written pretrial motion shall be made by the defendant to the court stating that the defendant seeks discovery of records of a rape crisis center or domestic violence center or testimony of a sexual assault counselor or domestic violence counselor. The written motion shall be accompanied by an affidavit setting forth specific grounds as to why discovery is requested and showing that there is a substantial likelihood that favorable and admissible information would be obtained through discovery or testimony. No discovery or hearing shall occur pursuant to the information sought to be disclosed for at least 3 business days after the filing of a motion for disclosure.

II. The only information subject to discovery from the records of a rape crisis center or a domestic violence center or which may be elicited during the testimony of a sexual assault or domestic violence counselor are those statements of the victim which relate to the alleged crime being prosecuted in the instant trial.

III. Prior to admission of information at deposition, trial, or other legal proceeding, when a claim of privilege has been asserted and whether or not the information was obtained through discovery, the burden of proof shall be upon the defendant to establish by a preponderance of the evidence that:

(a) The probative value of the information, in the context of the particular case, outweighs its prejudicial effect on the victim’s emotional or physical recovery, privacy, or relationship with the counselor or the rape crisis or domestic violence center.

(b) That the information sought is unavailable from any other source.

(c) That there is a substantial probability that the failure to disclose that information will interfere with the defendant’s right to confront the witnesses against him and his right to a fair trial.

IV. The trial court shall review each motion for disclosure of information on a case by case basis and determine on the totality of the circumstances that the information sought is or is not subject to the privilege established in RSA 173-C:2. In finding that the privilege shall not apply in a particular case, the trial court shall make written findings as to its reasons therefor.

V. The records and testimony of a rape crisis center or domestic violence center shall be disclosed solely to the trial judge to determine, as a matter of law, whether the information contained in the records or testimony is admissible under this chapter.

VI. That portion of any record and testimony of a rape crisis center or domestic violence center which is not disclosed to the defendant shall be preserved by the court under seal for appeal. For the purpose of preservation, a copy of the record shall be retained with the original released to the center. Costs of duplication shall be borne by the defendant.

VII. If, after disclosure of privileged information, the court upholds the privilege claim, the court shall impose a protective order against revealing any of the information without the consent of the person authorized to permit disclosure.

**173-C:6 Locations of Centers Privileged.**

Notwithstanding any other provisions of this chapter, the location and the street address of a rape crisis center or domestic violence center are absolutely privileged.

**173-C:7 Involuntary Waiver.**
The privilege established by this chapter shall not apply when the sexual assault counselor or the domestic violence counselor has knowledge that the victim has given perjured testimony and when the defendant has made an offer of proof that there is probable cause to believe that perjury has been committed.

173-C:8 Failure to Testify.

Failure of any person to testify as a witness pursuant to the provisions of this chapter shall not give rise to an inference unfavorable to the prosecution or the defense.

173-C:9 Appeal.

The victim shall have a right to interlocutory appeal to the supreme court from any decision by a court to require the disclosure of records or testimony of a rape crisis or domestic violence center or sexual assault or domestic violence counselor.

173-C:10 Counselor's Duty to Report Child Abuse.

The domestic violence or sexual assault counselor shall have the same reporting duties under RSA 169-C:29 as other professionals, providing that this duty shall not apply where a minor is seeking relief pursuant to RSA 173-B:3 for abuse by a spouse or former spouse of the minor, or by an intimate partner who is not related to the minor by consanguinity or affinity. As used in this section, “abuse” and “intimate partners” shall be as defined in RSA 173-B:1.

NEW JERSEY

Subject to Rule 37 of the Rules of Evidence, a victim counselor has a privilege not to be examined as a witness in any civil or criminal proceeding with regard to any confidential communication. The privilege shall be claimed by the counselor unless otherwise instructed by prior written consent of the victim. When a victim is incompetent or deceased consent to disclosure may be given by the guardian, executor or administrator except when the guardian, executor or administrator is the defendant or has a relationship with the victim such that he has an interest in the outcome of the proceeding. The privilege may be knowingly waived by a juvenile. In any instance where the juvenile is, in the opinion of the judge, incapable of knowing consent, the parent or guardian of the juvenile may waive the privilege on behalf of the juvenile, provided that the parent or guardian is not the defendant and does not have a relationship with the defendant such that he has an interest in the outcome of the proceeding. A victim counselor or a victim cannot be compelled to provide testimony in any civil or criminal proceeding that would identify the name, address, location, or telephone number of a domestic violence shelter or any other facility that provided temporary emergency shelter to the victim of the offense or transaction that is the subject of the proceeding unless the facility is a party to the proceeding.

RHODE ISLAND

SUPREME COURT OF RHODE ISLAND.

ADVISORY OPINION TO THE HOUSE OF REPRESENTATIVES.

43 A.L.R.4th 385
83-265-M.P.
Nov. 8, 1983.

House of Representatives propounded questions concerning constitutionality, under Sixth Amendment to United States Constitution and similar provision of State Constitution, of proposed statutes which would make communications privileged between sexual assault victim and sexual assault counselor. The Supreme Court answered that: (1) proposed statute which would make all communications privileged between sexual assault victim and sexual assault counselor would violate federal and state constitutional rights of an accused to confront his or her accusers, to obtain compulsory process, and to offer testimony, and (2) proposed statute which would make communications privileged between sexual assault victim and sexual assault counselor but which would provide for in camera hearing to permit trial justice to determine whether sexual assault counselor knows or has possession of material which contains evidence which would be clearly exculpatory in nature would permit trial justice to ensure that no sensitive and irrelevant evidence is presented to trier of fact and would strike requisite balance between an accused's constitutional right at trial and sexual assault victim's need for confidentiality in regard to any conversations between victim and counselor, and thus would not violate federal or state constitutional rights of an accused to confront his or her accusers, to obtain compulsory process, and to offer testimony.

**IOWA**

**IOWA CODE ANN. § 622.10 (West 2011). COMMUNICATIONS IN PROFESSIONAL CONFIDENCE--EXCEPTIONS--REQUIRED CONSENT TO RELEASE OF MEDICAL RECORDS AFTER COMMENCEMENT OF LEGAL ACTION--APPLICATION TO COURT.**

1. A practicing attorney, counselor, physician, surgeon, physician assistant, advanced registered nurse practitioner, mental health professional, or the stenographer or confidential clerk of any such person, who obtains information by reason of the person's employment, or a member of the clergy shall not be allowed, in giving testimony, to disclose any confidential communication properly entrusted to the person in the person's professional capacity, and necessary and proper to enable the person to discharge the functions of the person's office according to the
usual course of practice or discipline.

2. The prohibition does not apply to cases where the person in whose favor the prohibition is made waives the rights conferred; nor does the prohibition apply to physicians or surgeons, physician assistants, advanced registered nurse practitioners, mental health professionals, or to the stenographer or confidential clerk of any physicians or surgeons, physician assistants, advanced registered nurse practitioners, or mental health professionals, in a civil action in which the condition of the person in whose favor the prohibition is made is an element or factor of the claim or defense of the person or of any party claiming through or under the person. The evidence is admissible upon trial of the action only as it relates to the condition alleged.

3. a. In a civil action in which the condition of the plaintiff in whose favor the prohibition is made is an element or factor of the claim or defense of the adverse party or of any party claiming through or under the adverse party, the adverse party shall make a written request for records relating to the condition alleged upon the plaintiff’s attorney for a legally sufficient patient's waiver under federal and state law. Upon receipt of a written request, the plaintiff shall execute a legally sufficient patient’s waiver and release it to the adverse party making the request within sixty days of receipt of the written request. The patient’s waiver may require a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to do all of the following:

(1) Provide a complete copy of the patient's records including but not limited to any reports or diagnostic imaging relating to the condition alleged.

(2) Consult with the attorney for the adverse party prior to providing testimony regarding the plaintiff's medical history and the condition alleged and opinions regarding health etiology and prognosis for the condition alleged subject to the limitations in paragraphs “c” and “e”.

b. If a plaintiff fails to sign a waiver within the prescribed time period, the court may order disclosure or compliance. The failure of a party to comply with the court's order may be grounds for dismissal of the action or any other relief authorized under the rules of civil procedure.

c. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records, provides information during consultation, or otherwise responds in good faith to a request pursuant to paragraph "a" shall be immune with respect to all civil or criminal penalties, claims, or actions of any kind with respect to this section.

d. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records or consults with the attorney for any party shall be entitled to charge a reasonable fee for production of the records, diagnostic imaging, and consultation. Any party seeking consultation shall be responsible for payment of all charges. The fees for copies of any records shall be as specified in subsection 5.

e. Defendant’s counsel shall provide a written notice to plaintiff’s attorney in a manner consistent with the Iowa rules of civil procedure providing for notice of deposition at least ten days prior to any meeting with plaintiff’s physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional. Plaintiff’s attorney has the right to be present at all such meetings, or participate in telephonic communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional and attorney for the defendant. Prior to scheduling any meeting or engaging in any communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional, attorney for the defendant shall confer with plaintiff’s attorney to determine a mutually convenient date and time for such meeting or telephonic communication. Plaintiff’s attorney may seek a protective order structuring all communication by making application to the court at any time.

f. The provisions of this subsection do not apply to actions or claims brought pursuant to chapter 85, 85A, or 85B.
3A. a. Except as otherwise provided in this subsection, the confidentiality privilege under this section shall be absolute with regard to a criminal action and this section shall not be construed to authorize or require the disclosure of any privileged records to a defendant in a criminal action unless either of the following occur:

(1) The privilege holder voluntarily waives the confidentiality privilege.

(2)(a) The defendant seeking access to privileged records under this section files a motion demonstrating in good faith a reasonable probability that the information sought is likely to contain exculpatory information that is not available from any other source and for which there is a compelling need for the defendant to present a defense in the case. Such a motion shall be filed not later than forty days after arraignment under seal of the court. Failure of the defendant to timely file such a motion constitutes a waiver of the right to seek access to privileged records under this section, but the court, for good cause shown, may grant relief from such waiver.

(b) Upon a showing of a reasonable probability that the privileged records sought may likely contain exculpatory information that is not available from any other source, the court shall conduct an in camera review of such records to determine whether exculpatory information is contained in such records.

(c) If exculpatory information is contained in such records, the court shall balance the need to disclose such information against the privacy interest of the privilege holder.

(d) Upon the court's determination, in writing, that the privileged information sought is exculpatory and that there is a compelling need for such information that outweighs the privacy interests of the privilege holder, the court shall issue an order allowing the disclosure of only those portions of the records that contain the exculpatory information. The court's order shall also prohibit any further dissemination of the information to any person, other than the defendant, the defendant's attorney, and the prosecutor, unless otherwise authorized by the court.

b. Privileged information obtained by any means other than as provided in paragraph “a” shall not be admissible in any criminal action.

4. If an adverse party desires the oral deposition, either discovery or evidentiary, of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional or desires to call a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional as a witness at the trial of the action, the adverse party shall file an application with the court for permission to do so. The court upon hearing, which shall not be ex parte, shall grant permission unless the court finds that the evidence sought does not relate to the condition alleged. At the request of any party or at the request of the deponent, the court shall fix a reasonable fee to be paid to a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional by the party taking the deposition or calling the witness.

5. At any time, upon a written request from a patient, a patient's legal representative or attorney, or an adverse party pursuant to subsection 3, any provider shall provide copies of the requested records or images to the requester within thirty days of receipt of the written request. The written request shall be accompanied by a legally sufficient patient’s waiver unless the request is made by the patient or the patient’s legal representative or attorney.

a. The fee charged for the cost of producing the requested records or images shall be based upon the actual cost of production. If the written request and accompanying patient's waiver, if required, authorizes the release of all of the patient's records for the requested time period, including records relating to the patient’s mental health, substance abuse, and acquired immune deficiency syndrome-related conditions, the amount charged shall not exceed the rates established by the workers' compensation commissioner for copies of records in workers' compensation cases. If requested, the provider shall include an affidavit certifying that the records or images produced are true and accurate copies of the originals for an additional fee not to exceed ten dollars.
b. A patient or a patient's legal representative or a patient's attorney is entitled to one copy free of charge of the patient's complete billing statement, subject only to a charge for the actual costs of postage or delivery charges incurred in providing the statement. If requested, the provider or custodian of the record shall include an affidavit certifying the billing statements produced to be true and accurate copies of the originals for an additional fee not to exceed ten dollars.

c. Fees charged pursuant to this subsection are not subject to a sales or use tax. A provider providing the records or images may require payment in advance if an itemized statement demanding such is provided to the requesting party within fifteen days of the request. Upon a timely request for payment in advance, the time for providing the records or images shall be extended until the greater of thirty days from the date of the original request or ten days from the receipt of payment.

d. If a provider does not provide to the requester all records or images encompassed by the request or does not allow a patient access to all of the patient's medical records encompassed by the patient's request to examine the patient's records, the provider shall give written notice to the requester or the patient that providing the requested records or images would be a violation of the federal Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.

e. As used in this subsection:

(1) “Records” and “images” include electronic media and data containing a patient's health or billing information and “copies” includes patient records or images provided in electronic form, regardless of the form of the originals. If consented to by the requesting party, records and images produced pursuant to this subsection may be produced on electronic media.

(a) A person licensed under the marriage and family therapists licensure act and employees and professional associates of the person shall not be required to disclose any information that the person, employee or associate may have acquired in rendering marriage and family therapy services, unless:

1. Disclosure is required by other state laws;

2. Failure to disclose the information presents a clear and present danger to the health or safety of an individual;

3. The person, employee or associate is a party defendant to a civil, criminal or disciplinary action arising from the therapy, in which case a waiver of the privilege accorded by this section is limited to that action;

4. The client is a defendant in a criminal proceeding and the use of the privilege would violate the defendant's right to a compulsory process or the right to present testimony and witnesses in that person's behalf; or

5. A client agrees to a waiver of the privilege accorded by this section, and in circumstances where more than one person in a family is receiving therapy, each such family member agrees to the waiver. Absent a waiver from each family member, a marriage and family therapist shall not disclose information received from a family member.

(b) Nothing in this section or in this act shall be construed to prohibit any person licensed under the marriage and family therapist licensure act from testifying in court hearings concerning matters of adult abuse, adoption, child abuse, child neglect, or other matters pertaining to the welfare of children or from seeking collaboration or consultation with professional colleagues or administrative superiors, or both, on behalf of a client. There is no privilege under this section for information which is required to be reported to a public official.

any civil or criminal action, suit or proceeding at law or in equity respecting any information that the person licensed or registered may have acquired in providing counseling services or marriage and family therapy services to the client in a professional and contractual capacity if that information was necessary to enable the licensee to furnish professional counseling services to the client. When the physical or mental condition of the client is an issue in that action, suit or proceeding or when a court in the exercise of sound discretion determines the disclosure necessary to the proper administration of justice, information communicated to or otherwise learned by that licensed or registered person in connection with the provision of counseling or marriage and family therapy services may not be privileged and disclosure may be required.

Nothing in this section may prohibit disclosure by a person licensed under this chapter of information concerning a client when that disclosure is required by law and nothing in this section may modify or affect Title 22, sections 3477 to 3479-A and 4011-A to 4015.

(a) where the allied mental health and human services professional is a party defendant to a civil, criminal or disciplinary action arising from such practice in which case the waiver shall be limited to that action;

(b) where the client is a defendant in a criminal proceeding and the use of the privilege would violate the defendant's right to compulsory process and right to present testimony and witnesses in his own behalf;

(c) when the communication reveals the contemplation or commission of a crime or a harmful act; and

(d) where a client agrees to the waiver, or in circumstances where more than one person in a family is receiving therapy, where each such family member agrees to the waiver.

The provisions of this section shall not be construed to prevent third party reimburser from inspecting and copying, in the ordinary course of determining eligibility for or entitlement to benefits, any and all records relating to diagnosis, treatment or other services provided to any person, including a minor or incompetent, for which coverage, benefit or reimbursement is claimed, so long as the policy or certificate under which the claim is made provides that such access to such records is permitted. The provisions of this section shall not be construed to prevent access to any such records pursuant to any peer review or utilization review procedures applied and implemented in good faith.

MICH. COMP. LAWS ANN. § 333.18117 (West 2011). PRIVILEGED COMMUNICATIONS; DISCLOSURE.
Sec. 18117. For the purposes of this part, the confidential relations and communications between a licensed professional counselor or a limited licensed counselor and a client of the licensed professional counselor or a limited licensed counselor are privileged communications, and this part does not require a privileged communication to be disclosed, except as otherwise provided by law. Confidential information may be disclosed only upon consent of the client, pursuant to section 16222 if the licensee reasonably believes it is necessary to disclose the information to comply with section 16222, or under section 16281.

Sec. 9. (1) Except as provided in subsection (2), a communication between a counselor in the family counseling service and a person who is counseled is confidential. The secrecy of the communication shall be preserved inviolate as a privileged communication which privilege cannot be waived. The communication shall not be admitted in evidence in any proceedings. The same protection shall be given to communications between spouses and counselors to whom they have been referred by the court or the court’s family counseling service.

(2) A family referred by the court with custody or parenting time problems whose adult members sign an agreement indicating the purpose of the referral is exempt from subsection (1). A report of an evaluation of those families shall be submitted to the court with indicated recommendations.

**Mich. Comp. Laws Ann. § 333.16911 (West 20119). Privileged Information; Waiver.**

Sec. 16911. (1) Except as provided in subsection (3), information regarding an individual to whom a licensee provided marriage and family therapy is privileged information and not subject to waiver, regardless of any of the following:

(a) Whether the information was obtained directly from the individual, from another person involved in the therapy, from a test or other evaluation mechanism, or from other sources.

(b) Whether the information was obtained before, during, or following therapy.

(c) Whether the individual involved is a present client or a former client.

(2) Except as provided in subsection (3), referrals made by a circuit court or its counseling service, as provided in the circuit court family counseling services act, Act No. 155 of the Public Acts of 1964, being sections 551.331 to 551.344 of the Michigan Compiled Laws, is privileged information not subject to waiver.

(3) The privilege established in this section is waived only under 1 of the following circumstances:

(b) If the licensee is a party defendant to a civil, criminal, or administrative action arising from services performed as a licensee, in which case the waiver is limited only to that action.

(c) If a waiver specifying the terms of disclosure is obtained in writing from each individual over 18 years of age involved in the marriage and family therapy and then only in accordance with the terms of the written waiver. If more than 1 individual is or was involved in the marriage and family therapy performed by a licensee, the privilege is not waived for any individual unless all individuals over 18 years of age involved in the marriage and family therapy have executed the written waiver.
MINNESOTA

MINN. STAT. ANN. § 148B.593 (West 2011). DISCLOSURE OF INFORMATION [SOCIAL WORK, MARRIAGE AND FAMILY THERAPY, MENTAL HEALTH LICENSED PROFESSIONAL COUNSELING].

(a) A person licensed under sections 148B.50 to 148B.593 may not disclose without written consent of the client any communication made by the client to the licensee in the course of the practice of professional counseling, nor may any employee of the licensee reveal the information without the consent of the employer or client except as provided under section 626.556 or 626.557.

(b) For purposes of sections 148B.50 to 148B.593, the confidential relations and communications between the licensee and a client are placed upon the same basis as those that exist between a licensed psychologist and client. Nothing in sections 148B.50 to 148B.593 may be construed to require any communications to be disclosed except by court order.

MINN. STAT. ANN. § 595.02 (West 2009). TESTIMONY OF WITNESSES.

Subdivision 1. Competency of witnesses. Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.
(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual's request shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers from compliance with the provisions of sections 626.556 and 626.557.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a “person disabled in communication” means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent’s spouse, or a child of either the parent or the parent’s spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.
“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or information received from or about the victim without the consent of the victim unless ordered by the court. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs. Nothing in this paragraph exempts domestic abuse advocates from compliance with the provisions of sections 626.556 and 626.557.

For the purposes of this section, “domestic abuse advocate” means an employee or supervised volunteer from a community-based battered women’s shelter and domestic abuse program eligible to receive grants under section 611A.32; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor’s office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for communication-impaired persons shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Subd. 1a. Alternative dispute resolution privilege. No person presiding at any alternative dispute resolution proceeding established pursuant to law, court rule, or by an agreement to mediate, shall be competent to testify, in any subsequent civil proceeding or administrative hearing, as to any statement, conduct, decision, or ruling, occurring at or in conjunction with the prior proceeding, except as to any statement or conduct that could:

(1) constitute a crime;

(2) give rise to disqualification proceedings under the Rules of Professional Conduct for attorneys; or

(3) constitute professional misconduct.

Subd. 2. Exceptions. (a) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to any testimony, records, or other evidence relating to the abuse or neglect of a minor in any proceeding under chapter 260 or any proceeding under section 245A.08, to revoke a day care or foster care license, arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2.

(b) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to criminal proceedings arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2, if the court finds that:

(1) there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; and

(2) there is no other practicable way of obtaining the information or evidence. This clause shall not be construed to
prohibit disclosure of the patient record when it supports the otherwise uncorroborated statements of any material fact by a minor alleged to have been abused or neglected by the patient; and

(3) the actual or potential injury to the patient-health professional relationship in the treatment program affected, and the actual or potential harm to the ability of the program to attract and retain patients, is outweighed by the public interest in authorizing the disclosure sought.

No records may be disclosed under this paragraph other than the records of the specific patient suspected of the neglect or abuse of a minor. Disclosure and dissemination of any information from a patient record shall be limited under the terms of the order to assure that no information will be disclosed unnecessarily and that dissemination will be no wider than necessary for purposes of the investigation or prosecution.

**Subd. 3. Certain out-of-court statements admissible.** An out-of-court statement made by a child under the age of ten years or a person who is mentally impaired as defined in section 609.341, subdivision 6, alleging, explaining, denying, or describing any act of sexual contact or penetration performed with or on the child or any act of physical abuse of the child or the person who is mentally impaired by another, not otherwise admissible by statute or rule of evidence, is admissible as substantive evidence if:

(a) the court or person authorized to receive evidence finds, in a hearing conducted outside of the presence of the jury, that the time, content, and circumstances of the statement and the reliability of the person to whom the statement is made provide sufficient indicia of reliability; and

(b) the child or person mentally impaired as defined in section 609.341, subdivision 6, either:

(i) testifies at the proceedings; or

(ii) is unavailable as a witness and there is corroborative evidence of the act; and

(c) the proponent of the statement notifies the adverse party of the proponent’s intention to offer the statement and the particulars of the statement sufficiently in advance of the proceeding at which the proponent intends to offer the statement into evidence to provide the adverse party with a fair opportunity to prepare to meet the statement.

For purposes of this subdivision, an out-of-court statement includes video, audio, or other recorded statements. An unavailable witness includes an incompetent witness.

**Subd. 4. Court order.** (a) In a proceeding in which a child less than 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person,

the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness’s uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child’s testimony.
(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

(1) the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

(2) the defendant can see and hear the testimony of the child by video or television monitor from a separate room and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, “crime of violence” has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

Subd. 5. Waiver of privilege for health care providers. A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person's own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff’s attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.

A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.

For purposes of this subdivision, “health care provider” means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.

A person licensed under sections 148B.29 to 148B.39 and employees and professional associates of the person cannot be required to disclose any information that the person, employee, or associate may have acquired in rendering marriage and family therapy services, unless:

(1) disclosure is required by other state laws;

(2) failure to disclose the information presents a clear and present danger to the health or safety of an individual;

(3) the person, employee, or associate is a party defendant to a civil, criminal, or disciplinary action arising from the therapy, in which case a waiver of the privilege accorded by this section is limited to that action;

(4) the patient is a defendant in a criminal proceeding and the use of the privilege would violate the defendant's
right to a compulsory process or the right to present testimony and witnesses in that person’s behalf; and

(5) a patient agrees to a waiver of the privilege accorded by this section, and in circumstances where more than one person in a family is receiving therapy, each such family member agrees to the waiver. Absent a waiver from each family member, a marital and family therapist cannot disclose information received by a family member.

(b) Ninety days after filing an action for personal injuries or wrongful death, the claimant shall be deemed to waive the physician-patient privilege. (b) A sexual assault advocate may disclose a confidential communication without the consent of the victim if failure to disclose is likely to result in a clear, imminent risk of serious physical injury or death of the victim or another

IOWA

IOWA CODE ANN. § 622.10 (West 2009). COMMUNICATIONS IN PROFESSIONAL CONFIDENCE--EXCEPTIONS--REQUIRED CONSENT TO RELEASE OF MEDICAL RECORDS AFTER COMMENCEMENT OF LEGAL ACTION--APPLICATION TO COURT.

1. A practicing attorney, counselor, physician, surgeon, physician assistant, advanced registered nurse practitioner, mental health professional, or the stenographer or confidential clerk of any such person, who obtains information by reason of the person's employment, or a member of the clergy shall not be allowed, in giving testimony, to disclose any confidential communication properly entrusted to the person in the person’s professional capacity, and necessary and proper to enable the person to discharge the functions of the person’s office according to the usual course of practice or discipline.

2. The prohibition does not apply to cases where the person in whose favor the prohibition is made waives the rights conferred; nor does the prohibition apply to physicians or surgeons, physician assistants, advanced registered nurse practitioners, mental health professionals, or to the stenographer or confidential clerk of any physicians or surgeons, physician assistants, advanced registered nurse practitioners, or mental health professionals, in a civil action in which the condition of the person in whose favor the prohibition is made is an element or factor of the claim or defense of the person or of any party claiming through or under the person. The evidence is admissible upon trial of the action only as it relates to the condition alleged.

3. a. In a civil action in which the condition of the plaintiff in whose favor the prohibition is made is an element or factor of the claim or defense of the adverse party or of any party claiming through or under the adverse party, the adverse party shall make a written request for records relating to the condition alleged upon the plaintiff’s attorney for a legally sufficient patient’s waiver under federal and state law. Upon receipt of a written request, the plaintiff shall execute a legally sufficient patient’s waiver and release it to the adverse party making the request within sixty days of receipt of the written request. The patient’s waiver may require a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to do all of the following:

(1) Provide a complete copy of the patient's records including but not limited to any reports or diagnostic imaging relating to the condition alleged.

(2) Consult with the attorney for the adverse party prior to providing testimony regarding the plaintiff's medical history and the condition alleged and opinions regarding health etiology and prognosis for the condition alleged subject to the limitations in paragraphs “c” and “e”.
b. If a plaintiff fails to sign a waiver within the prescribed time period, the court may order disclosure or compliance. The failure of a party to comply with the court's order may be grounds for dismissal of the action or any other relief authorized under the rules of civil procedure.

c. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records, provides information during consultation, or otherwise responds in good faith to a request pursuant to paragraph "a" shall be immune with respect to all civil or criminal penalties, claims, or actions of any kind with respect to this section.

d. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records or consults with the attorney for any party shall be entitled to charge a reasonable fee for production of the records, diagnostic imaging, and consultation. Any party seeking consultation shall be responsible for payment of all charges. The fees for copies of any records shall be as specified in subsection 5.

e. Defendant’s counsel shall provide a written notice to plaintiff’s attorney in a manner consistent with the Iowa rules of civil procedure providing for notice of deposition at least ten days prior to any meeting with plaintiff’s physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional. Plaintiff’s attorney has the right to be present at all such meetings, or participate in telephonic communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional and attorney for the defendant. Prior to scheduling any meeting or engaging in any communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional, attorney for the defendant shall confer with plaintiff’s attorney to determine a mutually convenient date and time for such meeting or telephonic communication. Plaintiff’s attorney may seek a protective order structuring all communication by making application to the court at any time.

f. The provisions of this subsection do not apply to actions or claims brought pursuant to chapter 85, 85A, or 85B.

3A. a. Except as otherwise provided in this subsection, the confidentiality privilege under this section shall be absolute with regard to a criminal action and this section shall not be construed to authorize or require the disclosure of any privileged records to a defendant in a criminal action unless either of the following occur:

(1) The privilege holder voluntarily waives the confidentiality privilege.

(2) The defendant seeking access to privileged records under this section files a motion demonstrating in good faith a reasonable probability that the information sought is likely to contain exculpatory information that is not available from any other source and for which there is a compelling need for the defendant to present a defense in the case. Such a motion shall be filed not later than forty days after arraignment under seal of the court. Failure of the defendant to timely file such a motion constitutes a waiver of the right to seek access to privileged records under this section, but the court, for good cause shown, may grant relief from such waiver.

(b) Upon a showing of a reasonable probability that the privileged records sought may likely contain exculpatory information that is not available from any other source, the court shall conduct an in camera review of such records to determine whether exculpatory information is contained in such records.

(c) If exculpatory information is contained in such records, the court shall balance the need to disclose such information against the privacy interest of the privilege holder.

(d) Upon the court’s determination, in writing, that the privileged information sought is exculpatory and that there is a compelling need for such information that outweighs the privacy interests of the privilege holder, the court shall issue an order allowing the disclosure of only those portions of the records that contain the exculpatory information. The court’s order shall also prohibit any further dissemination of the information to any person, other than the defendant, the defendant’s attorney, and the prosecutor, unless otherwise authorized by the court.

b. Privileged information obtained by any means other than as provided in paragraph “a” shall not be admissible in any criminal action.
4. If an adverse party desires the oral deposition, either discovery or evidentiary, of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional or desires to call a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional as a witness at the trial of the action, the adverse party shall file an application with the court for permission to do so. The court upon hearing, which shall not be ex parte, shall grant permission unless the court finds that the evidence sought does not relate to the condition alleged. At the request of any party or at the request of the deponent, the court shall fix a reasonable fee to be paid to a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional by the party taking the deposition or calling the witness.

5. At any time, upon a written request from a patient, a patient's legal representative or attorney, or an adverse party pursuant to subsection 3, any provider shall provide copies of the requested records or images to the requester within thirty days of receipt of the written request. The written request shall be accompanied by a legally sufficient patient's waiver unless the request is made by the patient or the patient’s legal representative or attorney.

a. The fee charged for the cost of producing the requested records or images shall be based upon the actual cost of production. If the written request and accompanying patient’s waiver, if required, authorizes the release of all of the patient's records for the requested time period, including records relating to the patient's mental health, substance abuse, and acquired immune deficiency syndrome-related conditions, the amount charged shall not exceed the rates established by the workers' compensation commissioner for copies of records in workers' compensation cases. If requested, the provider shall include an affidavit certifying that the records or images produced are true and accurate copies of the originals for an additional fee not to exceed ten dollars.

b. A patient or a patient's legal representative or a patient's attorney is entitled to one copy free of charge of the patient's complete billing statement, subject only to a charge for the actual costs of postage or delivery charges incurred in providing the statement. If requested, the provider or custodian of the record shall include an affidavit certifying the billing statements produced to be true and accurate copies of the originals for an additional fee not to exceed ten dollars.

c. Fees charged pursuant to this subsection are not subject to a sales or use tax. A provider providing the records or images may require payment in advance if an itemized statement demanding such is provided to the requesting party within fifteen days of the request. Upon a timely request for payment in advance, the time for providing the records or images shall be extended until the greater of thirty days from the date of the original request or ten days from the receipt of payment.

d. If a provider does not provide to the requester all records or images encompassed by the request or does not allow a patient access to all of the patient's medical records encompassed by the patient's request to examine the patient's records, the provider shall give written notice to the requester or the patient that providing the requested records or images would be a violation of the federal Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.

e. As used in this subsection:

(1) “Records” and “images” include electronic media and data containing a patient's health or billing information and “copies” includes patient records or images provided in electronic form, regardless of the form of the originals. If consented to by the requesting party, records and images produced pursuant to this subsection may be produced on electronic media.

(2) “Provider” means any physician or surgeon, physician assistant, advanced registered nurse practitioner, mental health professional, hospital, nursing home, or other person, entity, facility, or organization that furnishes, bills, or
is paid for health care in the normal course of business.

F. Notwithstanding any law to the contrary, when conducting any investigation, the coroner or his authorized agents or employees may review any medical or dental records which he deems relevant to the investigation. Such records may be made available to him by the custodian thereof without the necessity of authorization, subpoena, or court order. No health care provider, custodian of records, or officer, employee, or agent thereof shall be held civilly or criminally liable for the disclosure of a patient’s records, including any communication defined herein, when that disclosure is made pursuant to a request by the coroner or his authorized agents or employees.

“Communications” includes conversations, correspondence, actions and occurrences relating to diagnosis or treatment before, during or after institutionalization, regardless of the patient’s awareness of such conversations, correspondence, actions and occurrences, and any records, memoranda or notes of the foregoing.

Except as hereinafter provided, in any court proceeding and in any proceeding preliminary thereto and in legislative and administrative proceedings, a patient shall have the privilege of refusing to disclose, and of preventing a witness from disclosing, any communication, wherever made, between said patient and a psychotherapist relative to the diagnosis or treatment of the patient’s mental or emotional condition. This privilege shall apply to patients engaged with a psychotherapist in marital therapy, family therapy, or consultation in contemplation of such therapy.

If a patient is incompetent to exercise or waive such privilege, a guardian shall be appointed to act in his behalf under this section. A previously appointed guardian shall be authorized to so act.

Upon the exercise of the privilege granted by this section, the judge or presiding officer shall instruct the jury that no adverse inference may be drawn therefrom.

The privilege granted hereunder shall not apply to any of the following communications:--

(a) If a psychotherapist, in the course of his diagnosis or treatment of the patient, determines that the patient is in need of treatment in a hospital for mental or emotional illness or that there is a threat of imminently dangerous activity by the patient against himself or another person, and on the basis of such determination discloses such communication either for the purpose of placing or retaining the patient in such hospital, provided however that the provisions of this section shall continue in effect after the patient is in said hospital, or placing the patient under arrest or under the supervision of law enforcement authorities.
(b) If a judge finds that the patient, after having been informed that the communications would not be privileged, has made communications to a psychotherapist in the course of a psychiatric examination ordered by the court, provided that such communications shall be admissible only on issues involving the patient's mental or emotional condition but not as a confession or admission of guilt.

(c) In any proceeding, except one involving child custody, adoption or adoption consent, in which the patient introduces his mental or emotional condition as an element of his claim or defense, and the judge or presiding officer finds that it is more important to the interests of justice that the communication be disclosed than that the relationship between patient and psychotherapist be protected.

(d) In any proceeding after the death of a patient in which his mental or emotional condition is introduced by any party claiming or defending through or as a beneficiary of the patient as an element of the claim or defense, and the judge or presiding officer finds that it is more important to the interests of justice that the communication be disclosed than that the relationship between patient and psychotherapist be protected.

(e) In any case involving child custody, adoption or the dispensing with the need for consent to adoption in which, upon a hearing in chambers, the judge, in the exercise of his discretion, determines that the psychotherapist has evidence bearing significantly on the patient's ability to provide suitable care or custody, and that it is more important to the welfare of the child that the communication be disclosed than that the relationship between patient and psychotherapist be protected; provided, however, that in such cases of adoption or the dispensing with the need for consent to adoption, a judge shall determine that the patient has been informed that such communication would not be privileged.

(f) In any proceeding brought by the patient against the psychotherapist, and in any malpractice, criminal or license revocation proceeding, in which disclosure is necessary or relevant to the claim or defense of the psychotherapist.

The provision of information acquired by a psychotherapist relative to the diagnosis or treatment of a patient's emotional condition, to any insurance company, nonprofit hospital service corporation, medical service corporation, or health maintenance organization, or to a board established pursuant to section twelve of chapter one hundred and seventy-six B, pertaining to the administration or provision of benefits, including utilization review or peer review, for expenses arising from the out-patient diagnosis or treatment, or both, of mental or nervous conditions, shall not constitute a waiver or breach of any right to which said patient is otherwise entitled under this section and section thirty-six B of chapter one hundred and twenty-three.

**MASS. GEN. LAWS ANN. CH. 112, § 129A (West 2011). CONFIDENTIAL COMMUNICATIONS.**

All communications between a licensed psychologist and the individuals with whom the psychologist engages in the practice of psychology are confidential. At the initiation of the professional relationship the psychologist shall inform the patient of the following limitations to the confidentiality of their communications. No psychologist, colleague, agent or employee of any psychologist, whether professional, clerical, academic or therapeutic, or a graduate of, or student enrolled in, a doctoral degree program in psychology at a recognized educational institution as that term is defined in section 118, who is working under the supervision of a licensed psychologist, shall disclose any information acquired or revealed in the course of or in connection with the performance of the psychologist's professional services, including the fact, circumstances, findings or records of such services, except under the following circumstances: (a) pursuant to the provisions of section twenty B of chapter two hundred and thirty-three or any other law; (b) upon express, written consent of the patient; (c) upon the need to disclose information which protects the rights and safety of others if:

(1) the patient presents a clear and present danger to himself and refuses explicitly or by his behavior to voluntarily accept further appropriate treatment. In such circumstances, where the psychologist has a reasonable basis to believe that a patient can be committed to a hospital pursuant to chapter one hundred and twenty-three, he shall have a duty to seek said commitment. The psychologist may also contact members of the patient's family.
or other individuals if in the psychologist's opinion, it would assist in protecting the safety of the patient; or

(2) the patient has communicated to the psychologist an explicit threat to kill or inflict serious bodily injury upon a reasonably identified person and the patient has the apparent intent and ability to carry out the threat. In such circumstances the psychologist shall have a duty to take reasonable precautions. A psychologist shall be deemed to have taken reasonable precautions if said psychologist makes reasonable efforts to take one or more of the following actions:

(a) communicates a threat of death or serious bodily injury to a reasonably identified person;

(b) notifies an appropriate law enforcement agency in the vicinity where the patient or any potential victim resides;

(c) arranges for the patient to be hospitalized voluntarily;

(d) takes appropriate steps to initiate proceedings for involuntary hospitalization pursuant to law.

(3) the patient has a history of physical violence which is known to the psychologist and the psychologist has a reasonable basis to believe that there is a clear and present danger that the patient will attempt to kill or inflict serious bodily injury upon a reasonably identified person. In such circumstances the psychologist shall have a duty to take reasonable precautions. A psychologist shall be deemed to have taken reasonable precautions if said psychologist makes reasonable efforts to take one or more of the following actions:

(a) communicates a threat of death or serious bodily injury to the reasonably identified person;

(b) notifies an appropriate law enforcement agency in the vicinity where the patient or any potential victim resides;

(c) arranges for his patient to be hospitalized voluntarily;

(d) takes appropriate steps to initiate proceedings for involuntary hospitalization pursuant to law.

(4) nothing contained herein shall require a psychologist to take any action which, in the exercise of reasonable professional judgment, would endanger himself or increase the danger to a potential victim or victims.

(5) the psychologist shall only disclose that information which is essential in order to protect the rights and safety of others.

(d) in order to collect amounts owed by the patient for professional services rendered by the psychologist or his employees; provided, however, that the psychologist may only disclose the nature of services provided, the dates of services, the amount due for services and other relevant financial information; provided, further, that if the patient raises as a defense to said action substantive assertions concerning the competence of the psychologist or the quality of the services provided, the psychologist may disclose whatever information is necessary to rebut such assertions; or

(e) in such other situations as shall be defined in the rules and regulations of the board.

No provision of this section shall be construed to prevent a nonprofit hospital service or medical service corporation from inspecting and copying, in the ordinary course of determining eligibility for or entitlement to benefits, any and all records relating to diagnosis, treatment, or other services provided to any person, including a minor or incompetent, for which coverage, benefit or reimbursement is claimed, so long as the policy or certificate under which the claim is made provides that such access to such records is permitted. No provision of this section shall be construed to prevent access to any such records in connection with any coordination of benefits, subrogation, workers' compensation, peer review, utilization review or benefit management procedures applied and implemented in good faith.
MICHIGAN

Sec. 18237. A psychologist licensed or allowed to use that title under this part or an individual under his or her supervision cannot be compelled to disclose confidential information acquired from an individual consulting the psychologist in his or her professional capacity if the information is necessary to enable the psychologist to render services. Information may be disclosed with the consent of the individual consulting the psychologist, or if the individual consulting the psychologist is a minor, with the consent of the minor's guardian, pursuant to section 16222 if the psychologist reasonably believes it is necessary to disclose the information to comply with section 16222, or under section 16281. In a contest on the admission of a deceased individual's will to probate, an heir at law of the decedent, whether a proponent or contestant of the will, and the personal representative of the decedent may waive the privilege created by this section.

MINNESOTA

(a) A person licensed under sections 148B.50 to 148B.593 may not disclose without written consent of the client any communication made by the client to the licensee in the course of the practice of professional counseling, nor may any employee of the licensee reveal the information without the consent of the employer or client except as provided under section 626.556 or 626.557.

(b) For purposes of sections 148B.50 to 148B.593, the confidential relations and communications between the licensee and a client are placed upon the same basis as those that exist between a licensed psychologist and client. Nothing in sections 148B.50 to 148B.593 may be construed to require any communications to be disclosed except by court order.

**Minn. Stat. Ann. § 595.02 (West 2011). Testimony of Witnesses.**

Subdivision 1. Competency of witnesses. Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.
(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy’s or other minister’s professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual’s request shall not, without the consent of the professional’s client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers from compliance with the provisions of sections 626.556 and 626.557.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a “person disabled in communication” means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

1. when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

2. when the communications reveal the contemplation or ongoing commission of a crime; or

3. when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent’s minor child may not be examined as to any communication made in confidence by the minor to the minor’s parent. A communication is confidential if made out of the presence of persons not members of the child’s immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply
to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or information received from or about the victim without the consent of the victim unless ordered by the court. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs. Nothing in this paragraph exempts domestic abuse advocates from compliance with the provisions of sections 626.556 and 626.557.

For the purposes of this section, “domestic abuse advocate” means an employee or supervised volunteer from a community-based battered women's shelter and domestic abuse program eligible to receive grants under section 611A.32; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor's office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate or a collaborative law process pursuant to an agreement to participate in collaborative law. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation or collaborative law by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for communication-impaired persons shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Subd. 1a. Alternative dispute resolution privilege. No person presiding at any alternative dispute resolution proceeding established pursuant to law, court rule, or by an agreement to mediate, shall be competent to testify, in any subsequent civil proceeding or administrative hearing, as to any statement, conduct, decision, or ruling, occurring at or in conjunction with the prior proceeding, except as to any statement or conduct that could:
(1) constitute a crime;

(2) give rise to disqualification proceedings under the Rules of Professional Conduct for attorneys; or

(3) constitute professional misconduct.

Subd. 2. Exceptions. (a) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to any testimony, records, or other evidence relating to the abuse or neglect of a minor in any proceeding under chapter 260 or any proceeding under section 245A.08, to revoke a day care or foster care license, arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2.

(b) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to criminal proceedings arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2, if the court finds that:

(1) there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; and

(2) there is no other practicable way of obtaining the information or evidence. This clause shall not be construed to prohibit disclosure of the patient record when it supports the otherwise uncorroborated statements of any material fact by a minor alleged to have been abused or neglected by the patient; and

(3) the actual or potential injury to the patient-health professional relationship in the treatment program affected, and the actual or potential harm to the ability of the program to attract and retain patients, is outweighed by the public interest in authorizing the disclosure sought.

No records may be disclosed under this paragraph other than the records of the specific patient suspected of the neglect or abuse of a minor. Disclosure and dissemination of any information from a patient record shall be limited under the terms of the order to assure that no information will be disclosed unnecessarily and that dissemination will be no wider than necessary for purposes of the investigation or prosecution.

Subd. 3. Certain out-of-court statements admissible. An out-of-court statement made by a child under the age of ten years or a person who is mentally impaired as defined in section 609.341, subdivision 6, alleging, explaining, denying, or describing any act of sexual contact or penetration performed with or on the child or any act of physical abuse of the child or the person who is mentally impaired by another, not otherwise admissible by statute or rule of evidence, is admissible as substantive evidence if:

(a) the court or person authorized to receive evidence finds, in a hearing conducted outside of the presence of the jury, that the time, content, and circumstances of the statement and the reliability of the person to whom the statement is made provide sufficient indicia of reliability; and

(b) the child or person mentally impaired as defined in section 609.341, subdivision 6, either:

(i) testifies at the proceedings; or

(ii) is unavailable as a witness and there is corroborative evidence of the act; and

(c) the proponent of the statement notifies the adverse party of the proponent’s intention to offer the statement and the particulars of the statement sufficiently in advance of the proceeding at which the proponent intends to offer the statement into evidence to provide the adverse party with a fair opportunity to prepare to meet the statement.

For purposes of this subdivision, an out-of-court statement includes video, audio, or other recorded statements. An unavailable witness includes an incompetent witness.
Subd. 4. Court order. (a) In a proceeding in which a child less than 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person,

the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness’s uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child’s testimony.

(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

(1) the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

(2) the defendant can see and hear the testimony of the child by video or television monitor from a separate room and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, “crime of violence” has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

Subd. 5. Waiver of privilege for health care providers. A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person’s own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff’s attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.

A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.

For purposes of this subdivision, “health care provider” means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.
MISSOURI

Any communication made by any person to a licensed psychologist in the course of professional services rendered by the licensed psychologist shall be deemed a privileged communication and the licensed psychologist shall not be examined or be made to testify to any privileged communication without the prior consent of the person who received his professional services.

NEBRASKA

No person licensed or certified pursuant to the Mental Health Practice Act shall disclose any information he or she may have acquired from any person consulting him or her in his or her professional capacity except:

(1) With the written consent of the person or, in the case of death or disability, of the person's personal representative, any other person authorized to sue on behalf of the person, or the beneficiary of an insurance policy on the person's life, health, or physical condition. When more than one person in a family receives therapy conjointly, each such family member who is legally competent to execute a waiver shall agree to the waiver referred to in this subdivision. Without such a waiver from each family member legally competent to execute a waiver, a practitioner shall not disclose information received from any family member who received therapy conjointly;

(2) As such privilege is limited by the laws of the State of Nebraska or as the board may determine by rule and regulation;

(3) When the person waives the privilege by bringing charges against the licensee; or

(4) When there is a duty to warn under the limited circumstances set forth in section 38-2137.

(2) In judicial proceedings, whether civil, criminal, or juvenile, in legislative and administrative proceedings, and in proceedings preliminary and ancillary thereto, a client or patient, or his or her legal guardian or personal representative, may refuse to disclose or may prevent the disclosure of confidential information, including information contained in administrative records, communicated to a psychologist, or to a person reasonably believed by the client or patient to be a psychologist, or the psychologist's or person's agents, for the purpose of diagnosis, evaluation, or treatment of any mental and emotional disorder. In the absence of evidence to the contrary, the psychologist shall be presumed to be authorized to claim the privilege on the client's or patient's behalf.

(3) This privilege may not be claimed by the client or patient, or on his or her behalf by authorized persons, in the
following circumstances:

(a) When abuse or harmful neglect of children, the elderly, or disabled or incompetent individuals is known or reasonably suspected;

(b) When the validity of a will of a former client or patient of the psychologist is contested;

(c) When such information is necessary for the psychologist to defend against a malpractice action brought by the client or patient;

(d) When an immediate threat of physical violence against a readily identifiable victim is disclosed to the psychologist;

(e) When an immediate threat of self-inflicted injury is disclosed to the psychologist;

(f) When the client or patient, by alleging mental or emotional damages in litigation, puts his or her mental state in issue;

(g) When the client or patient is examined pursuant to court order;

(h) When the purpose of the proceeding is to substantiate and collect on a claim for mental or emotional health services rendered to the client or patient or any other cause of action arising out of the professional relationship; or

(i) In the context of investigations and hearings brought by the client or patient and conducted by the department, when violations of the Psychology Practice Act are at issue.

**NEW JERSEY**

There is no privilege under this section for any communication: (a) upon an issue of the client's condition in an action to commit the client or otherwise place the client under the control of another or others because of alleged incapacity, or in an action in which the client seeks to establish his competence or in an action to recover damages on account of conduct of the client which constitutes a crime; or (b) upon an issue as to the validity of a document as a will of the client; or (c) upon an issue between parties claiming by testate or intestate succession from a deceased client.

(B) Reasonably believed by the patient so to be, while so engaged.
(2) A patient has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purposes of diagnosis or treatment of the patient’s mental or emotional condition among the patient, the patient’s psychotherapist or persons who are participating in the diagnosis or treatment under the direction of the psychotherapist, including members of the patient’s family.

(3) The privilege created by this section may be claimed by:

(a) The patient.

(b) A guardian or conservator of the patient.

(c) The personal representative of a deceased patient.

(d) The person who was the psychotherapist, but only on behalf of the patient. The psychotherapist’s authority so to do is presumed in the absence of evidence to the contrary.

IDAHO

There are particular relations in which it is the policy of the law to encourage confidence and to preserve it inviolate; therefore, a person cannot be examined as a witness in the following cases:
1. A husband cannot be examined for or against his wife, without her consent, nor a wife for or against her husband, without his consent; nor can either, during the marriage or afterwards, be, without the consent of the other, examined as to any communication made by one to the other during the marriage; but this exception does not apply to a civil action or proceeding by one against the other nor to a criminal action or proceeding for a crime committed by violence of one against the person of the other, nor does this exception apply to any case of physical injury to a child where the injury has been caused as a result of physical abuse or neglect by one or both of the parents, nor does this exception apply to any case of lewd and lascivious conduct where either party would otherwise be protected by this privilege.

2. An attorney cannot, without the consent of his client, be examined as to any communication made by the client to him, or his advice given thereon in the course of professional employment. The word client used herein shall be deemed to include a person, a corporation or an association.

3. A clergyman or priest cannot, without the consent of the person making the confession, be examined as to any confession made to him in his professional character in the course of discipline enjoined by the church to which he belongs.

4. A physician or surgeon cannot, without the consent of his patient, be examined in a civil action as to any information acquired in attending the patient which was necessary to enable him to prescribe or act for the patient, provided, however, that:

   (A) Nothing herein contained shall be deemed to preclude physicians from reporting of and testifying at all cases of physical injury to children, where it appears the injury has been caused as a result of physical abuse or neglect by a parent, guardian or legal custodian of the child.

   (B) Nothing herein contained shall be deemed to preclude physicians from testifying at all cases of physical injury to a person where it appears the injury has been caused as a result of domestic violence.

   (C) After the death of a patient, in any action involving the validity of any will or other instrument executed, or claimed to have been executed, by him, conveying or transferring any real or personal property or incurring any financial obligation, such physician or surgeon may testify to the mental or physical condition of such patient and in so testifying may disclose information acquired by him concerning such patient which was necessary to enable him to prescribe or act for such deceased.

   (D) That where any person or his heirs or representatives brings an action to recover damages for personal injuries or death, such action shall be deemed to constitute a consent by the person bringing such action that any physician who has prescribed for or treated said injured or deceased person and whose testimony is material in the action may testify.

   (E) That if the patient be dead and during his lifetime had not given such consent, the bringing of an action by a beneficiary, assignee or payee or by the legal representative of the insured, to recover on any life, health or accident insurance policy, shall constitute a consent by such beneficiary, assignee, payee or legal representative to the testimony of any physician who attended the deceased.

5. A public officer cannot be examined as to communications made to him in official confidence, when the public interests would suffer by disclosure.

6. Any certificated counselor, psychologist or psychological examiner, duly appointed, regularly employed and designated in such capacity by any public or private school in this state for the purpose of counseling students, shall be immune from disclosing, without the consent of the student, any communication made by any student so counseled or examined in any civil or criminal action to which such student is a party. IOWA

IOWA CODE ANN. § 622.10 (West 2009). COMMUNICATIONS IN PROFESSIONAL CONFIDENCE--EXCEPTIONS--REQUIRED CONSENT TO RELEASE OF MEDICAL RECORDS AFTER COMMENCEMENT OF LEGAL ACTION--APPLICATION TO COURT.

1. A practicing attorney, counselor, physician, surgeon, physician assistant, advanced registered nurse practitioner, mental health professional, or the stenographer or confidential clerk of any such person, who obtains information by reason of the person's employment, or a member of the clergy shall not be allowed, in giving testimony, to disclose any confidential communication properly entrusted to the person in the person's professional capacity, and necessary and proper to enable the person to discharge the functions of the person's office according to the usual course of practice or discipline.

2. The prohibition does not apply to cases where the person in whose favor the prohibition is made waives the rights conferred; nor does the prohibition apply to physicians or surgeons, physician assistants, advanced registered nurse practitioners, mental health professionals, or to the stenographer or confidential clerk of any physicians or surgeons, physician assistants, advanced registered nurse practitioners, or mental health professionals, in a civil action in which the condition of the person in whose favor the prohibition is made is an element or factor of the claim or defense of the person or of any party claiming through or under the person. The evidence is admissible upon trial of the action only as it relates to the condition alleged.

3. a. In a civil action in which the condition of the plaintiff in whose favor the prohibition is made is an element or factor of the claim or defense of the adverse party or of any party claiming through or under the adverse party, the adverse party shall make a written request for records relating to the condition alleged upon the plaintiff's attorney for a legally sufficient patient's waiver under federal and state law. Upon receipt of a written request, the plaintiff shall execute a legally sufficient patient's waiver and release it to the adverse party making the request within sixty days of receipt of the written request. The patient's waiver may require a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to do all of the following:

   (1) Provide a complete copy of the patient's records including but not limited to any reports or diagnostic imaging relating to the condition alleged.

   (2) Consult with the attorney for the adverse party prior to providing testimony regarding the plaintiff's medical history and the condition alleged and opinions regarding health etiology and prognosis for the condition alleged subject to the limitations in paragraphs “c” and “e”.

b. If a plaintiff fails to sign a waiver within the prescribed time period, the court may order disclosure or compliance. The failure of a party to comply with the court's order may be grounds for dismissal of the action or any other relief authorized under the rules of civil procedure.

   c. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records, provides information during consultation, or otherwise responds in good faith to a request pursuant to paragraph “a” shall be immune with respect to all civil or criminal penalties, claims, or
actions of any kind with respect to this section.

d. Any physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional who provides records or consults with the attorney for any party shall be entitled to charge a reasonable fee for production of the records, diagnostic imaging, and consultation. Any party seeking consultation shall be responsible for payment of all charges. The fees for copies of any records shall be as specified in subsection 5.

e. Defendant’s counsel shall provide a written notice to plaintiff’s attorney in a manner consistent with the Iowa rules of civil procedure providing for notice of deposition at least ten days prior to any meeting with plaintiff’s physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional. Plaintiff’s attorney has the right to be present at all such meetings, or participate in telephonic communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional and attorney for the defendant. Prior to scheduling any meeting or engaging in any communication with the physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional, attorney for the defendant shall confer with plaintiff’s attorney to determine a mutually convenient date and time for such meeting or telephonic communication. Plaintiff’s attorney may seek a protective order structuring all communication by making application to the court at any time.

f. The provisions of this subsection do not apply to actions or claims brought pursuant to chapter 85, 85A, or 85B.

3A. a. Except as otherwise provided in this subsection, the confidentiality privilege under this section shall be absolute with regard to a criminal action and this section shall not be construed to authorize or require the disclosure of any privileged records to a defendant in a criminal action unless either of the following occur:

(1) The privilege holder voluntarily waives the confidentiality privilege.

(2)(a) The defendant seeking access to privileged records under this section files a motion demonstrating in good faith a reasonable probability that the information sought is likely to contain exculpatory information that is not available from any other source and for which there is a compelling need for the defendant to present a defense in the case. Such a motion shall be filed not later than forty days after arraignment under seal of the court. Failure of the defendant to timely file such a motion constitutes a waiver of the right to seek access to privileged records under this section, but the court, for good cause shown, may grant relief from such waiver.

(b) Upon a showing of a reasonable probability that the privileged records sought may likely contain exculpatory information that is not available from any other source, the court shall conduct an in camera review of such records to determine whether exculpatory information is contained in such records.

(c) If exculpatory information is contained in such records, the court shall balance the need to disclose such information against the privacy interest of the privilege holder.

(d) Upon the court’s determination, in writing, that the privileged information sought is exculpatory and that there is a compelling need for such information that outweighs the privacy interests of the privilege holder, the court shall issue an order allowing the disclosure of only those portions of the records that contain the exculpatory information. The court’s order shall also prohibit any further dissemination of the information to any person, other than the defendant, the defendant’s attorney, and the prosecutor, unless otherwise authorized by the court.

b. Privileged information obtained by any means other than as provided in paragraph “a” shall not be admissible in any criminal action.

4. If an adverse party desires the oral deposition, either discovery or evidentiary, of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional or desires to call a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional to which the prohibition would otherwise apply or the stenographer or confidential clerk of a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional as a witness at the trial of the action, the adverse party shall file an application with the court for permission to do so. The court upon hearing,
which shall not be ex parte, shall grant permission unless the court finds that the evidence sought does not relate to the condition alleged. At the request of any party or at the request of the deponent, the court shall fix a reasonable fee to be paid to a physician or surgeon, physician assistant, advanced registered nurse practitioner, or mental health professional by the party taking the deposition or calling the witness.

5. At any time, upon a written request from a patient, a patient’s legal representative or attorney, or an adverse party pursuant to subsection 3, any provider shall provide copies of the requested records or images to the requester within thirty days of receipt of the written request. The written request shall be accompanied by a legally sufficient patient’s waiver unless the request is made by the patient or the patient’s legal representative or attorney.

a. The fee charged for the cost of producing the requested records or images shall be based upon the actual cost of production. If the written request and accompanying patient’s waiver, if required, authorizes the release of all of the patient’s records for the requested time period, including records relating to the patient’s mental health, substance abuse, and acquired immune deficiency syndrome-related conditions, the amount charged shall not exceed the rates established by the workers’ compensation commissioner for copies of records in workers’ compensation cases. If requested, the provider shall include an affidavit certifying that the records or images produced are true and accurate copies of the originals for an additional fee not to exceed ten dollars.

b. A patient or a patient’s legal representative or a patient’s attorney is entitled to one copy free of charge of the patient’s complete billing statement, subject only to a charge for the actual costs of postage or delivery charges incurred in providing the statement. If requested, the provider or custodian of the record shall include an affidavit certifying the billing statements produced to be true and accurate copies of the originals for an additional fee not to exceed ten dollars.

c. Fees charged pursuant to this subsection are not subject to a sales or use tax. A provider providing the records or images may require payment in advance if an itemized statement demanding such is provided to the requesting party within fifteen days of the request. Upon a timely request for payment in advance, the time for providing the records or images shall be extended until the greater of thirty days from the date of the original request or ten days from the receipt of payment.

d. If a provider does not provide to the requester all records or images encompassed by the request or does not allow a patient access to all of the patient’s medical records encompassed by the patient’s request to examine the patient’s records, the provider shall give written notice to the requester or the patient that providing the requested records or images would be a violation of the federal Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191.

e. As used in this subsection:

(1) “Records” and “images” include electronic media and data containing a patient’s health or billing information and “copies” includes patient records or images provided in electronic form, regardless of the form of the originals. If consented to by the requesting party, records and images produced pursuant to this subsection may be produced on electronic media.

(2) “Provider” means any physician or surgeon, physician assistant, advanced registered nurse practitioner, mental health professional, hospital, nursing home, or other person, entity, facility, or organization that furnishes, bills, or is paid for health care in the normal course of business.

6. For the purposes of this section, “mental health professional” means a psychologist licensed under chapter 154B, a registered nurse licensed under chapter 152, a social worker licensed under chapter 154C, a marital and family therapist licensed under chapter 154D, a mental health counselor licensed under chapter 154D, or an individual holding at least a master’s degree in a related field as deemed appropriate by the board of behavioral science.

7. A qualified school guidance counselor, who is licensed by the board of educational examiners under chapter 272 and who obtains information by reason of the counselor’s employment as a qualified school guidance counselor,
shall not be allowed, in giving testimony, to disclose any confidential communications properly entrusted to the counselor by a pupil or the pupil's parent or guardian in the counselor's capacity as a qualified school guidance counselor and necessary and proper to enable the counselor to perform the counselor’s duties as a qualified school guidance counselor.

However, such communications shall
not be disclosed unless the patient was informed prior to the communication that such communications are not privileged in any subsequent commitment proceedings. The court-appointed examination shall be governed by Item B(2)(f).

(h) When the communication is relevant in proceedings held by peer review committees and other disciplinary bodies to determine whether a particular health care provider has deviated from applicable professional standards.

**(2) Exceptions.** There is no privilege under this Article in a criminal case as to a communication:

The person who was the physician, psychotherapist, or health care provider or their representatives, at the time of the communication is presumed to have authority to claim the privilege on behalf of the patient or deceased patient.

as to testimony at trial or to discovery of the privileged communication by one of the discovery methods authorized by Code of Civil Procedure Article 1421 et seq., or pursuant to R.S. 40:1299.96 or R.S. 13:3715.1.

G. Sanctions. Any attorney who violates a provision of this Article shall be subject to sanctions by the court.

Furthermore, when a patient is represented by an attorney and that attorney provides the health care provider with written authorization executed by the patient, the health care provider may disclose to the attorney any communication which was necessary to enable him to diagnose, treat, prescribe, or act for the patient and may provide to the attorney, as agent for the patient, any medical reports, X-rays, or any other written information the health care provider has regarding the patient, all without the necessity of complying with formal discovery.

MINNESOTA

MINN. STAT. ANN. § 595.02 (West 2011). TESTIMONY OF WITNESSES.

Subdivision 1. Competency of witnesses. Every person of sufficient understanding, including a party, may testify in any action or proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney’s client, be examined as to any communication made by
the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist, consulting psychologist, or licensed social worker engaged in a psychological or social assessment or treatment of an individual at the individual's request shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. Nothing in this clause exempts licensed social workers from compliance with the provisions of sections 626.556 and 626.557.

(h) An interpreter for a person disabled in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person disabled in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to
disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent’s spouse, or a child of either the parent or the parent’s spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or information received from or about the victim without the consent of the victim unless ordered by the court. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs. Nothing in this paragraph exempts domestic abuse advocates from compliance with the provisions of sections 626.556 and 626.557.

For the purposes of this section, “domestic abuse advocate” means an employee or supervised volunteer from a community-based battered women’s shelter and domestic abuse program eligible to receive grants under section 611A.33; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor's office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate or a collaborative law process pursuant to an agreement to participate in collaborative law. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation or collaborative law by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for communication-impaired persons shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Subd. 1a. Alternative dispute resolution privilege. No person presiding at any alternative dispute resolution proceeding established pursuant to law, court rule, or by an agreement to mediate, shall be competent to testify, in any subsequent civil proceeding or administrative hearing, as to any statement, conduct, decision, or ruling.
For purposes of this subdivision, an out-of-court statement includes video, audio, or other recorded statements. An
unavailable witness includes an incompetent witness.

**Subd. 4. Court order.** (a) In a proceeding in which a child less than 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person,

the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness’s uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child’s testimony.

(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

(1) the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

(2) the defendant can see and hear the testimony of the child by video or television monitor from a separate room and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, “crime of violence” has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

**Subd. 5. Waiver of privilege for health care providers.** A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person's own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff's attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.

A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.

For purposes of this subdivision, “health care provider” means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61.

However, if the client voluntarily testifies or is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the attorney may be compelled to testify on the same subject.

The testimonial privilege established under this division does not apply concerning a communication between a client who has since died and the deceased client's attorney if the communication is relevant to a dispute between parties who claim through that deceased client, regardless of whether the claims are by testate or intestate succession or by inter vivos transaction, and the dispute addresses the competency of the deceased client when the deceased client executed a document that is the basis of the dispute or whether the deceased client was a victim of fraud, undue influence, or duress when the deceased client executed a document that is the basis of the dispute.

A court that permits or compels a physician or dentist to testify in such an action or permits the introduction into evidence of patient records or other communications in such an action shall require that appropriate measures be taken to ensure that the confidentiality of any patient named or otherwise identified in the records is maintained. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(1) As used in this section, the term “records owner” means any health care practitioner who generates a medical record after making a physical or mental examination of, or administering treatment or dispensing legend drugs to, any person; any health care practitioner to whom records are transferred by a previous records owner; or any health care practitioner’s employer, including, but not limited to, group practices and staff-model health maintenance organizations, provided the employment contract or agreement between the employer and the health care practitioner designates the employer as the records owner.

(2) As used in this section, the terms “records owner,” “health care practitioner,” and “health care practitioner's employer” do not include any of the following persons or entities; furthermore, the following persons or entities are not authorized to acquire or own medical records, but are authorized under the confidentiality and disclosure requirements of this section to maintain those documents required by the part or chapter under which they are licensed or regulated:

(4) Any health care practitioner’s employer who is a records owner and any records custodian shall maintain records or documents as provided under the confidentiality and disclosure requirements of this section.

(5) This section does not apply to facilities licensed under chapter 395.

(6) Any health care practitioner licensed by the department or a board within the department who makes a physical or mental examination of, or administers treatment or dispenses legend drugs to, any person shall, upon request of such person or the person's legal representative, furnish, in a timely manner, without delays for legal
review, copies of all reports and records relating to such examination or treatment, including X rays and insurance information. However, when a patient’s psychiatric, chapter 490 psychological, or chapter 491 psychotherapeutic records are requested by the patient or the patient’s legal representative, the health care practitioner may provide a report of examination and treatment in lieu of copies of records. Upon a patient’s written request, complete copies of the patient’s psychiatric records shall be provided directly to a subsequent treating psychiatrist. The furnishing of such report or copies shall not be conditioned upon payment of a fee for services rendered.

(7)(a) Except as otherwise provided in this section and in s. 440.13(4)(c), such records may not be furnished to, and the medical condition of a patient may not be discussed with, any person other than the patient or the patient’s legal representative or other health care practitioners and providers involved in the care or treatment of the patient, except upon written authorization of the patient. However, such records may be furnished without written authorization under the following circumstances:

1. To any person, firm, or corporation that has procured or furnished such examination or treatment with the patient’s consent.

2. When compulsory physical examination is made pursuant to Rule 1.360, Florida Rules of Civil Procedure, in which case copies of the medical records shall be furnished to both the defendant and the plaintiff.

3. In any civil or criminal action, unless otherwise prohibited by law, upon the issuance of a subpoena from a court of competent jurisdiction and proper notice to the patient or the patient’s legal representative by the party seeking such records.

4. For statistical and scientific research, provided the information is abstracted in such a way as to protect the identity of the patient or provided written permission is received from the patient or the patient’s legal representative.

5. To a regional poison control center for purposes of treating a poison episode under evaluation, case management of poison cases, or compliance with data collection and reporting requirements of s. 395.1027 and the professional organization that certifies poison control centers in accordance with federal law.

(b) Absent a specific written release or authorization permitting utilization of patient information for solicitation or marketing the sale of goods or services, any use of that information for those purposes is prohibited.

(8) Except in a medical negligence action or administrative proceeding when a health care practitioner or provider is or reasonably expects to be named as a defendant, information disclosed to a health care practitioner by a patient in the course of the care and treatment of such patient is confidential and may be disclosed only to other health care practitioners and providers involved in the care or treatment of the patient, or if permitted by written authorization from the patient or compelled by subpoena at a deposition, evidentiary hearing, or trial for which proper notice has been given.

(9)(a) 1. The department may obtain patient records pursuant to a subpoena without written authorization from the patient if the department and the probable cause panel of the appropriate board, if any, find reasonable cause to believe that a health care practitioner has excessively or inappropriately prescribed any controlled substance specified in chapter 893 in violation of this chapter or any professional practice act or that a health care practitioner has practiced his or her profession below that level of care, skill, and treatment required as defined by this chapter or any professional practice act and also find that appropriate, reasonable attempts were made to obtain a patient release.

2. The department may obtain patient records and insurance information pursuant to a subpoena without written authorization from the patient if the department and the probable cause panel of the appropriate board, if any, find reasonable cause to believe that a health care practitioner has provided inadequate medical care based on termination of insurance and also find that appropriate, reasonable attempts were made to obtain a patient release.
3. The department may obtain patient records, billing records, insurance information, provider contracts, and all attachments thereto pursuant to a subpoena without written authorization from the patient if the department and probable cause panel of the appropriate board, if any, find reasonable cause to believe that a health care practitioner has submitted a claim, statement, or bill using a billing code that would result in payment greater in amount than would be paid using a billing code that accurately describes the services performed, requested payment for services that were not performed by that health care practitioner, used information derived from a written report of an automobile accident generated pursuant to chapter 316 to solicit or obtain patients personally or through an agent regardless of whether the information is derived directly from the report or a summary of that report or from another person, solicited patients fraudulently, received a kickback as defined in s. 456.054, violated the patient brokering provisions of s. 817.505, or presented or caused to be presented a false or fraudulent insurance claim within the meaning of s. 817.234(1)(a), and also find that, within the meaning of s. 817.234(1)(a), patient authorization cannot be obtained because the patient cannot be located or is deceased, incapacitated, or suspected of being a participant in the fraud or scheme, and if the subpoena is issued for specific and relevant records.

4. Notwithstanding subparagraphs 1.-3., when the department investigates a professional liability claim or undertakes action pursuant to s. 456.049 or s. 627.912, the department may obtain patient records pursuant to a subpoena without written authorization from the patient if the patient refuses to cooperate or if the department attempts to obtain a patient release and the failure to obtain the patient records would be detrimental to the investigation.

(b) Patient records, billing records, insurance information, provider contracts, and all attachments thereto obtained by the department pursuant to this subsection shall be used solely for the purpose of the department and the appropriate regulatory board in disciplinary proceedings. This section does not limit the assertion of the psychotherapist-patient privilege under s. 90.503 in regard to records of treatment for mental or nervous disorders by a medical practitioner licensed pursuant to chapter 458 or chapter 459 who has primarily diagnosed and treated mental and nervous disorders for a period of not less than 3 years, inclusive of psychiatric residency. However, the health care practitioner shall release records of treatment for medical conditions even if the health care practitioner has also treated the patient for mental or nervous disorders. If the department has found reasonable cause under this section and the psychotherapist-patient privilege is asserted, the department may petition the circuit court for an in camera review of the records by expert medical practitioners appointed by the court to determine if the records or any part thereof are protected under the psychotherapist-patient privilege.

10(a) All patient records obtained by the department and any other documents maintained by the department which identify the patient by name are confidential and exempt from s. 119.07(1) and shall be used solely for the purpose of the department and the appropriate regulatory board in its investigation, prosecution, and appeal of disciplinary proceedings. The records shall not be available to the public as part of the record of investigation for and prosecution in disciplinary proceedings made available to the public by the department or the appropriate board.

(b) Notwithstanding paragraph (a), all patient records obtained by the department and any other documents maintained by the department which relate to a current or former Medicaid recipient shall be provided to the Medicaid Fraud Control Unit in the Department of Legal Affairs, upon request.

11) All records owners shall develop and implement policies, standards, and procedures to protect the confidentiality and security of the medical record. Employees of records owners shall be trained in these policies, standards, and procedures.

12) Records owners are responsible for maintaining a record of all disclosures of information contained in the medical record to a third party, including the purpose of the disclosure request. The record of disclosure may be maintained in the medical record. The third party to whom information is disclosed is prohibited from further disclosing any information in the medical record without the expressed written consent of the patient or the patient’s legal representative.

13) Notwithstanding the provisions of s. 456.058, records owners shall place an advertisement in the local
newspaper or notify patients, in writing, when they are terminating practice, retiring, or relocating, and no longer available to patients, and offer patients the opportunity to obtain a copy of their medical record.

(14) Notwithstanding the provisions of § 456.058, records owners shall notify the appropriate board office when they are terminating practice, retiring, or relocating, and no longer available to patients, specifying who the new records owner is and where medical records can be found.

(15) Whenever a records owner has turned records over to a new records owner, the new records owner shall be responsible for providing a copy of the complete medical record, upon written request, of the patient or the patient's legal representative.

(16) Licensees in violation of the provisions of this section shall be disciplined by the appropriate licensing authority.

(17) The Attorney General is authorized to enforce the provisions of this section for records owners not otherwise licensed by the state, through injunctive relief and fines not to exceed $5,000 per violation.

(18) A health care practitioner or records owner furnishing copies of reports or records or making the reports or records available for digital scanning pursuant to this section shall charge no more than the actual cost of copying, including reasonable staff time, or the amount specified in administrative rule by the appropriate board, or the department when there is no board.

(19) Nothing in this section shall be construed to limit health care practitioner consultations, as necessary.

(20) A records owner shall release to a health care practitioner who, as an employee of the records owner, previously provided treatment to a patient, those records that the health care practitioner actually created or generated when the health care practitioner treated the patient. Records released pursuant to this subsection shall be released only upon written request of the health care practitioner and shall be limited to the notes, plans of care, and orders and summaries that were actually generated by the health care practitioner requesting the record.

(21) The board, or department when there is no board, may temporarily or permanently appoint a person or entity as a custodian of medical records in the event of the death of a practitioner, the mental or physical incapacitation of the practitioner, or the abandonment of medical records by a practitioner. The custodian appointed shall comply with all provisions of this section, including the release of patient records.

GEORGIA

Any individual, agency, or court which obtains information from the registry shall keep such information or parts thereof confidential, and shall not disseminate or disclose such information, or parts thereof, except as authorized in this article or otherwise by law. Violation of this Code section shall be a misdemeanor.

The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent’s minor child may not be examined as to any communication made in confidence by the minor to the minor’s parent. A communication is confidential if made out of the presence of persons not members of the child’s immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent’s spouse, or a child of either the parent or the parent’s spouse, nor in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be allowed to disclose any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A domestic abuse advocate may not be compelled to disclose any opinion or information received from or about the victim without the consent of the victim unless ordered by the court. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the relationship between the victim and domestic abuse advocate, and the services if disclosure occurs. Nothing in this paragraph exempts domestic abuse advocates from compliance with the provisions of sections 626.556 and 626.557.

For the purposes of this section, “domestic abuse advocate” means an employee or supervised volunteer from a community-based battered women’s shelter and domestic abuse program eligible to receive grants under section...
611A.32; that provides information, advocacy, crisis intervention, emergency shelter, or support to victims of domestic abuse and who is not employed by or under the direct supervision of a law enforcement agency, a prosecutor's office, or by a city, county, or state agency.

(m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate or a collaborative law process pursuant to an agreement to participate in collaborative law. This does not apply to the parties in dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation or collaborative law by the common law.

(n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

(o) A communication assistant for a telecommunications relay system for communication-impaired persons shall not, without the consent of the person making the communication, be allowed to disclose communications made to the communication assistant for the purpose of relaying.

Subd. 1a. Alternative dispute resolution privilege. No person presiding at any alternative dispute resolution proceeding established pursuant to law, court rule, or by an agreement to mediate, shall be competent to testify, in any subsequent civil proceeding or administrative hearing, as to any statement, conduct, decision, or ruling, occurring at or in conjunction with the prior proceeding, except as to any statement or conduct that could:

(1) constitute a crime;

(2) give rise to disqualification proceedings under the Rules of Professional Conduct for attorneys; or

(3) constitute professional misconduct.

Subd. 2. Exceptions. (a) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to any testimony, records, or other evidence relating to the abuse or neglect of a minor in any proceeding under chapter 260 or any proceeding under section 245A.08, to revoke a day care or foster care license, arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2.

(b) The exception provided by paragraphs (d) and (g) of subdivision 1 shall not apply to criminal proceedings arising out of the neglect or physical or sexual abuse of a minor, as defined in section 626.556, subdivision 2, if the court finds that:

(1) there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; and

(2) there is no other practicable way of obtaining the information or evidence. This clause shall not be construed to prohibit disclosure of the patient record when it supports the otherwise uncorroborated statements of any material fact by a minor alleged to have been abused or neglected by the patient; and

(3) the actual or potential injury to the patient-health professional relationship in the treatment program affected, and the actual or potential harm to the ability of the program to attract and retain patients, is outweighed by the public interest in authorizing the disclosure sought.

No records may be disclosed under this paragraph other than the records of the specific patient suspected of the neglect or abuse of a minor. Disclosure and dissemination of any information from a patient record shall be limited under the terms of the order to assure that no information will be disclosed unnecessarily and that dissemination will be no wider than necessary for purposes of the investigation or prosecution.
**Subd. 3. Certain out-of-court statements admissible.** An out-of-court statement made by a child under the age of ten years or a person who is mentally impaired as defined in section 609.341, subdivision 6, alleging, explaining, denying, or describing any act of sexual contact or penetration performed with or on the child or any act of physical abuse of the child or the person who is mentally impaired by another, not otherwise admissible by statute or rule of evidence, is admissible as substantive evidence if:

(a) the court or person authorized to receive evidence finds, in a hearing conducted outside of the presence of the jury, that the time, content, and circumstances of the statement and the reliability of the person to whom the statement is made provide sufficient indicia of reliability; and

(b) the child or person mentally impaired as defined in section 609.341, subdivision 6, either:

(i) testifies at the proceedings; or

(ii) is unavailable as a witness and there is corroborative evidence of the act; and

(c) the proponent of the statement notifies the adverse party of the proponent’s intention to offer the statement and the particulars of the statement sufficiently in advance of the proceeding at which the proponent intends to offer the statement into evidence to provide the adverse party with a fair opportunity to prepare to meet the statement.

For purposes of this subdivision, an out-of-court statement includes video, audio, or other recorded statements. An unavailable witness includes an incompetent witness.

**Subd. 4. Court order.** (a) In a proceeding in which a child less than 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person,

the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness’s uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child’s testimony.

(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

(1) the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

(2) the defendant can see and hear the testimony of the child by video or television monitor from a separate room.
and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, “crime of violence” has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

**Subd. 5. Waiver of privilege for health care providers.** A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person’s own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff’s attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.

A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.

For purposes of this subdivision, “health care provider” means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.

However, if the client voluntarily testifies or is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the attorney may be compelled to testify on the same subject.

The testimonial privilege established under this division does not apply concerning a communication between a client who has since died and the deceased client’s attorney if the communication is relevant to a dispute between parties who claim through that deceased client, regardless of whether the claims are by testate or intestate succession or by inter vivos transaction, and the dispute addresses the competency of the deceased client when the

(2) An attorney, concerning a communication made to the attorney by a client in that relationship or the attorney’s advice to a client, except that if the client is an insurance company, the attorney may be compelled to testify, subject to an in camera inspection by a court, about communications made by the client to the attorney or by the attorney to the client that are related to the attorney’s aiding or furthering an ongoing or future commission of bad faith by the client, if the party seeking disclosure of the communications has made a prima facie showing of bad faith, fraud, or criminal misconduct by the client.

(B)(1) A physician or a dentist concerning a communication made to the physician or dentist by a patient in that relation or the physician’s or dentist’s advice to a patient, except as otherwise provided in this division, division (B)(2), and division (B)(3) of this section, and except that, if the patient is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the physician may be compelled to testify on the same subject.

A court that permits or compels a physician or dentist to testify in such an action or permits the introduction into evidence of patient records or other communications in such an action shall require that appropriate measures be taken to ensure that the confidentiality of any patient named or otherwise identified in the records is maintained. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(e)(i) If the communication was between a patient who has since died and the deceased patient's physician or dentist, the communication is relevant to a dispute between parties who claim through that deceased patient,
